A HUSTLER parody. Social commentary based on the General Accounting Office's report that Navy personnel racked up $206,700 on personal items and entertainment on their government-issued credit cards in the last six months of 1999. Navy officials say they're going to do better. So did the Army ($38,000, at strip clubs, last summer), and the Defense Department defaulted on $62 million in travel expenses in 2001. Just think, the same government that cannot control credit cards controls our nukes! Can we sell.

Use your Navy TravelCard to pay for things you couldn't afford on your own. After all, enlisted men know the government is willing to spend thousands of dollars for a single hammer or toilet seat. What are the chances those bean counters will catch a few hundred spent on ho's?

Use your money when you can afford it. TravelCard For everything else there's TravelCard™.

# WAKE UP, AMERICA!

Our democracy is in danger! Our democratic rights and freedoms are being stolen from us as if by a thief in the night, under the rubric of something called the USA Patriot Act. Sure, you've heard of it, and you probably thought it was more or less a good thing. After all, who isn't proud of being a patriot? But before you rush to support this legislation, perhaps you should carefully consider which of our precious freedoms the Patriot Act has curtailed.

**1. Freedom of Association.** The government may monitor religious and political institutions, even if there is no suspicion of wrongdoing.

**2. Freedom of Information.** The government has closed what were once public immigration hearings, has secretly detained hundreds of people without charges and has resisted public record requests.

**3. Freedom of Speech.** Librarians and record keepers may be prosecuted for telling citizens that the government has subpoenaed information about them regarding terrorism.

**4. Right to Privacy.** The government may monitor and record conversations between jailhouse prisoners and their attorneys.

**5. Right to Legal Representation.** The government may deny lawyers to U.S. citizens who have been accused of crimes.

**6. Freedom From Unreasonable Searches.** The government may search and seize U.S. citizens' effects without probable cause.

**7. Right to a Speedy Trial.** U.S. citizens may be jailed indefinitely without a trial.

**8. Right to Liberty.** U.S. citizens may be jailed without being charged and without being allowed to confront witnesses against them.

Of course, this wholesale dismantling of our Constitutional protections is supposed to be for our benefit, a way of protecting us from terrorists, they say. But if the government is to be trusted, how come we're hearing voices from the Right protesting these programs, along with the less surprising voices of the Left? These voices, by the way, include Rep. Bob Barr, Rep. Dick Armey and columnist William Safire.

Finally, there's Republican Congressman Michael G. Oxley, commenting on the USA Patriot Act: "[This is] only the beginning."

Is this what George Orwell was talking about?

## Larry's Return

I just received the February 2003 HUSTLER. The new format kicks major ass! Most importantly, thank you, Larry, for bringing back your *Publisher's Statement*. This is a suggestion that I made in the April 2001 *Feedback*. Please keep your column going this time around, because in an age where the bullshit media will suck whoever's dick is the fattest, you are a true voice of reason. With all of the battles under your belt and the many prices you've paid for free speech, you could teach any one of these assholes what journalism is all about. I want to personally thank you for everything you've done for my First Amendment rights. My hat is off once again to your now-revived *Publisher's Statement*. Keep up the good work; you are an American asset. —W. H.

Coralville, Iowa

**Rest assured that Larry will be coming back each month to expose the hypocrites who endanger our freedoms. Thanks for the enthusiastic response to the new look we've put together for America's Magazine. Be sure to keep an eye out in the coming months for new features, articles and specials that only HUSTLER can bring you.**

## Priscilla's Pink

The pictorial of Priscilla in your January 2003 issue (*Priscilla: Wet All Over*) was awesome. Although there are many fine females in the magazine, Priscilla is by far the hottest. So why did you put her on the cover but not the centerfold? Her dripping body left me thirsting for more. Can you bring her back for another pictorial, maybe with a dude this time? —A. M.

Hanover, New Hampshire

**There's no word yet on whether Priscilla will be returning for another spread, but in the meantime, here's another taste of her to whet your skin whistle.**

## Bible Belt Boner

Larry Flynt and HUSTLER Magazine purport to be defenders of our First Amendment rights. I applaud your work to reveal the true nature of some of our politicians, and I'm glad your magazine sometimes pushes the envelope of community standards. After all, what I choose to see and read should be nobody's concern but my own, unless I'm harming somebody. Why, then, is Larry Flynt Publications so timid? I cannot get the best DVDs available, because L.F.P. won't send them to the Bible Belt. When is the rest of L.F.P. going to get some balls? I think you should know that there are plenty of forward-thinking people here also. You're missing out on a large source of revenue. It's time to make control-hungry politicians and the hypocrites of the Bible Belt who think they know what's best for us abide by the Constitution of this nation. —S. C.

Little Rock, Arkansas

**Although L.F.P. supplies some distributors that may not deliver to the areas you mention, you can order any of our fine DVDs and other merchandise online at www.shophustler.com and have them shipped to wherever you like. Just because some outlets are pussies doesn't mean that Bible thumpers can keep you from getting your pink directly from the source.**

PRISCILLA: STILL WET

## Cunt vs. Cock

Please stop showing gay shit in your magazine. I love the raw quality of HUSTLER, but sometimes it's just too much, like the queer picture of that naked artist in your October 2002 issue (*Terry Richardson: Savior of Fashion Photography, or Just a Man in Love With His Cock?*). I buy your magazine for one simple reason—PUSSY. It's bad enough to see those homo phone-sex ads and transvestite shit, but at least they're only ads. Why the hell would fags be buying this magazine anyway? Don't they have their own porn? Anyway, just keep it to cunt, not cock. And please, give us more furry muffs. Some of us prefer bushy beavers, not the shiny, shaved, girlie gash you've become so fond of. To sum up—more hairy slits, less fairy dicks. Thanks. —M. K.

Berea, Ohio

**If you pick up a recent copy of HUSTLER, you'll see that it con-**

The second occurs after long years of strife,

**tains a balanced mix of fluffy muffs and bald snatches. If, however, Chewbacca with tits is what you seek, you may need to look elsewhere. In any case, remember that those fruity ads for Asian trannies and manly, butt-sex phone lines help pay for the pussy (both hairy and shaved) that we run in the magazine. As far as that Terry Richardson photo—yeah, that was pretty gay.**

## Hot Air

Your *HUSTLER'S Real College Girls #1* and *#2* videos are the best, and HUSTLER is by far the finest magazine for porn, but your politics are shit. You picked Dana Rohrabacher for Asshole of the Month (January 2003 HUSTLER) in part because he doesn't believe in global warming, and you do. Let me give you a science lesson. Yes, there is global warming, but man is only responsible for less than five percent of it. Insignificant! Global warming is caused by sunspots that happen every 11 years, volcanoes and the melting of the polar ice caps, of which nobody knows the cause. Al Gore is full of shit and has been spouting this garbage for years. He's my candidate for Asshole of the Century.

—C. S.
via Internet

**Since HUSTLER believes in freedom of expression, we have no problem with you disagreeing with our picks for Asshole of the Month, or sharing your intriguing opinions on global warming. You can watch sunspots, give science lessons and dump on Al Gore to your heart's content, but we simply will not stand for you omitting *HUSTLER'S Real College Girls #3, #4* and *#5* from your list of outstanding video smut.**

## Stoner Strokes

I haven't looked at a HUSTLER Magazine until today (November 12, 2002), when I "came" across an issue in my buddy's closet. As I flipped through the pages, I decided to strike up a big "Fatty McDaddy" (doob) to chill me out while I looked. The pictures in the magazine were fucking great. I was around page 104 when I noticed I was particularly fucked up. Being absolutely, positively and, without any doubt, wasted, made the *Beaver Hunt* section hotter than a two-headed whore with three arms that she uses to jerk me, juggle me and keep that "P.I.G. Hogleg" (doob) in my mouth. The basic concept of mixing a "roll your own" and the beautiful women of HUSTLER have fired up my need for more titties. Now I am off to burn one and think of you, HUSTLER Magazine.

# ASSHOLE OF THE MONTH

## JOHN DiIULIO

John Dilulio, a zigzagging dung hatch who spouts shit both coming and going, is HUSTLER's Asshole of the Month for April 2003.

Jellyfish John's convictions are difficult to determine. The destructiveness of Dilulio's wobbliness, however, is unquestionable.

A fat-assed navel-gazer from the academic sector, Dilulio made his first big splash in the public eye in 1996, teaming up with sack-of-shit moralist William Bennett to write *Body Count: Moral Poverty...and How to Win America's War Against Crime and Drugs*. Dilulio's main contribution was the "superpredator" theory, which posited that "most inner-city [read: black] children grow up surrounded by teenagers and adults who are themselves deviant, delinquent or criminal." As a result, the country was coming under siege by "radically impulsive, brutally remorseless youngsters...who murder, assault, rape, rob [and] burglarize."

Dilulio's theory was as faulty as a fishnet condom; *Body Count* was published amid a 68% drop in homicides committed by youths, and youth crime overall soon fell to a 25-year low. Still, his crackpot ravings about soulless, bloodthirsty, possibly superpowered Negroes inspired draconian laws that placed child offenders in adult facilities, created inflexible "three strikes" sentencing, and launched a boom in prison construction that was funded at the expense of inner-city programs.

Dipshit Dilulio eventually recanted the superpredator notion, much too late to reverse its effects. "I went too far," John lamented of his "dehumanizing" characterization. "It was wrong, morally." Dilulio stopped short of admitting he was "responsible for teenagers going to prison," but he did claim to have had a religious "epiphany," vowing to devote himself to "prevention" of crimes by at-risk youths.

After Dilulio's latest stab at "helping" disadvantaged kids, they'd be better off in prison. John was tapped by President Bush in early 2001 to head the White House Office of Faith-Based and Community Initiatives, established to help religious charities in poor areas obtain public funding. The job required deft negotiation of both church-state separation concerns and religious-right zealotry. Dilulio initially crowed about "how much we welcome specific discourse, debate and dialogue," which had been "nothing but positive."

Within months, "nothing but positive" became nothing at all, as Jittery John stepped down amid widespread squabbling. Dilulio put a positive spin on his resignation, opining, "I feel I have run this race."

Sixteen months after Dilulio's August 2001 turn-tail departure, the faith-based initiative remains stalled, and what was to be a program for the underprivileged is shaping up as a public trough for quasi-charities such as Pat Robertson's Operation Blessing. By what rationale does he claim success?

Seeming to locate his spine late last year, John gave *Esquire* writer Ron Suskind a candid glimpse at the Bush Administration. "There is no precedent in any modern White House for what is going on in this one: a complete lack of policy apparatus," he revealed. "What you've got is everything, and I mean everything, being run by the political arm. It's the reign of the Mayberry Machiavellis." Dilulio made special note of adviser Karl Rove.

Dilulio's comments are not offbase; Rove is a cynical shark who has even advised Republican candidates to politicize the war on terror. Nor were they hastily uttered; John's quotes were culled from an interview and a 3,000-word letter to Suskind, and echoed in a December 2002 column that he himself penned. Had John Dilulio finally developed resolve?

No more than our inner cities have developed hope. On December 2, 2002, when news of the *Esquire* story broke, Dilulio did his biggest flip-flop yet. First he affirmed the article's substance; hours later, when White House spokesman Ari Fleischer expressed disapproval, John-John began groveling, calling his own criticisms "groundless and baseless," adding, "I sincerely apologize, and I am deeply remorseful." In his bootlicking frenzy, Dilulio even apologized for statements that he claimed not to make. All this, before the *Esquire* piece was published.

Dilulio can turn on his heels all he wants; he'll always end up with crap on his shoes, because an Asshole's wearing them.

## FARTS IN THE WIND

**Trent Lott:** At a 100th birthday bash for South Carolina Senator/national relic Strom Thurmond, Mississippi Senator Trent Lott Jim Crowed that, had Thurmond won his 1948 Presidential campaign, which centered on a platform of racial segregation, "we wouldn't have had all these problems over all these years." Lott, who's expected to reassume his position as Senate Majority Leader this year, is mostly an Asshole.

**Houston B. Quick Jr.:** A former funeral director from San Diego who specialized in cut-rate cremations, Quick was convicted of stealing $386,000 from his clients. Quick, who stored the bodies of some of his customers' deceased relatives in his SUV and garage in lieu of applying payment toward cremation, admits that he spent $250,000 of the filched cash on his "girlfriend," a local stripper. HUSTLER has nothing against lap dances, but Quick is a stone-cold Asshole.

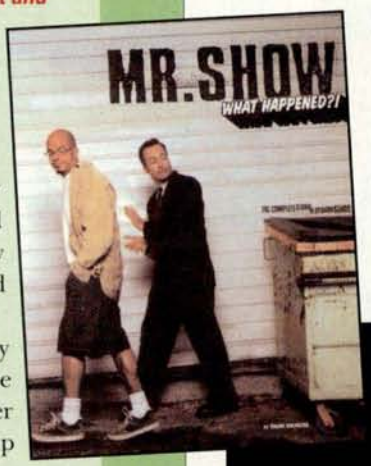
**This Month:** ***Mr. Show: The Complete First and Second Seasons***

**What It Is:** The DVD revival of a hilarious HBO sketch-comedy show.

**What It's About:** Making fun of dumb shit. Cohosts Bob Odenkirk and David Cross, along with a crew of wildly talented writers and comedians, take aim at every American foible, from stupid award shows to homophobia.



**Why We Care:** *SNL* hasn't been funny in decades. *Mr. Show* represents the best comedy that TV has had to offer since *The Kids in the Hall* hung up their dresses.

**Buzz:** Look for early performances by Jack Black, Tom Kenny (the voice of Spongebob Squarepants) and a killer parody of *The People vs. Larry Flynt* that imagines a magazine devoted to explicit photography of male taint.

**Downside:** The show stopped airing in 1998, and the *Mr. Show* movie, *Run Ronnie Run*, may languish in a vault forever.

**The Good News:** The cast took their show on the road last year and hopes to book more dates in a town near you. Another movie, *Hooray for America*, is in the works. A book entitled *Mr. Show: What Happened?!*, featuring the history of the show and a complete episode guide, was just published.

**Bottom Line:** Comedy too good for television.

## A LITTLE CELEBRITY DIRT

Pop singer Jessica Simpson's bachelorette party, arranged by her sister, *7th Heaven* star Ashlee Simpson, featured a striptease performance by midget porn star Napoleon (pictured at left), who's appeared in such adult-film epics as *Freak Show* and *Perverted Stories 3*. No word on whether the wee woodsman shook his lilliputian moneymaker to the strains of Simpson's Top 40 single "A Little Bit."

## RUBBER DUCKIE, YOU'RE THE ONE

If it looks like a duck, feels like a duck and sounds like a duck, it must be a vibrator. Beneath I Rub My Duckie's smooth, yellow exterior and innocent-looking face buzzes the heart of a sex toy. Bathers who like the strong, silent type will enjoy the vibrations from Duckie's waterproof motor. The discreet toy was created by Tony Levine, the same evil genius who created Krushed Kitty, a dangling cat ass made to appear as if there is a feline stuck in your car's trunk. Levine founded Big Teaze Toys in 2002, perhaps as a cry for help.

**I Rub My Duckie can be purchased at selected stores or online at www.BigTeazeToys.com.**

## THE CHICKENHAWK DATABASE

WEB SITE OF THE MONTH

Sorry, NAMBLA pervs, this isn't a child-porn site, but its content is nearly as obscene. This list, maintained by the ***New Hampshire Gazette***, is a rundown of war-mongering "hawks" who have boners to invade Iraq but were too "chicken" to answer their country's call when they were of fighting age. **George W. Bush** and **Dick Cheney** top the list for taking a pass on Vietnam. According to the site, radio blowhard **Rush Limbaugh** was unfit to serve in "The Not-So-Great War" because of a bad case of "anal cysts." To check out the full list of hypocritical politicians and pundits, and their reasons for skipping active duty, aim your browser toward: www.nhgazette.com/chickenhawks.html.

# NEWSBITES

**Hit CTRL + ALT + DEL**, and Call Us in the Morning: According to British medical journal *Lancet*, one unlucky portable-computer user burnt his package after only an hour of "laptop" use. The patient, a fully clothed scientist, was oblivious to the heat generated by the bottom of the device until it scalded his crotch. He later complained of "penile and scrotal blisters," which "broke and developed into infected wounds."

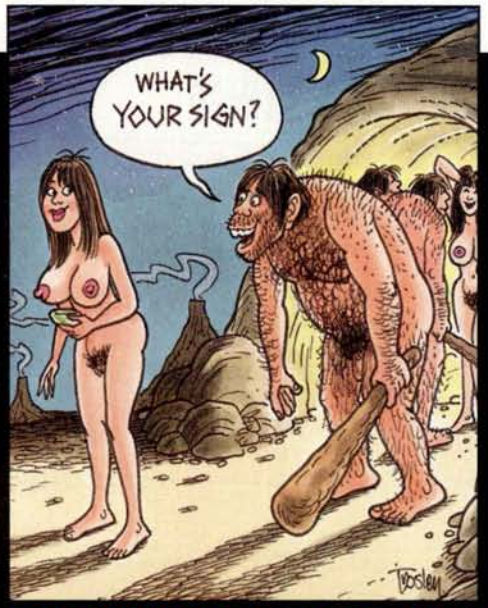
**White Oak, Texas**, police charged a woman with felony obscenity after finding **17 sex toys** in her car during a routine traffic stop. The accused, Kathleen Elizabeth Grubbs, who sells the items for a living, could face up to two years in jail. Didn't they tell you, Kathy? Texas doesn't cotton to rustlers, *banditos* and dildo salesmen.

**Wrap up Those Willies:** A new strain of drug-resistant gonorrhea is attacking pricks in California and Hawaii. It's thought that the sturdier form of the STD will easily spread throughout the country now that it has reached the contiguous states.

**Strippers of the World, Unite!:** Organized exotic dancers from San Francisco's Lusty Lady grind house recently demonstrated, making demands for more pay and benefits. In London, meanwhile, 17 strippers won their first victory over management. Their gripe: The brand of pole grease used by the club gave them painful rashes. What's next, OSHA-rated protective goggles for errant splooge?

A Florida law preventing known sex offenders from living within 1,000 feet of schools or day-care centers is producing an unexpected result: **Child molesters** are crashing in the same pads. One hotel in Largo, Florida, houses four of the registered pervs. Fifteen convicts live within a five-block radius in St. Petersburg, Florida. So that's why all those flophouses smell like candy.

**Rachael "Pooch" Thompson**, a 245-pound hooker from Peoria, Illinois, is not only a bargain-basement crack ho but also a deadly weapon. The portly prossy, recently picked up (with a crane, we're assuming) in a prostitution sting, was still on parole from an earlier involuntary manslaughter charge. In July of 2000, the heavy whore smothered a john to death before making off with $10 from his wallet, a bag of pennies and his VCR. Presumably, Thompson will be sent to the big house.



## PREHISTORIC CATCALLS

It's already well documented that our planet's females determine the course of evolution by selecting mates based on visual signs of genetic superiority, such as colorful tail feathers, healthy manes and cars free of rust and Bondo. Eggheads now argue that "creative type" Neanderthals (e.g., cave painters or the monkey that invented not eating your own feces) used their knack for thinking outside the box to attract the opposite sex. Some scientists contend that the primary reason for the creation of human language was to woo the female. Of course, other research indicates that, once the courtship ritual is complete, it's impossible to get a word in edgewise.

## HARRY POTTER AND MOMMY'S LITTLE SECRET

Last fall's hot kids' product, the vibrating Harry Potter Nimbus 2000 Broom from Mattel, is the first Rowling-related product HUSTLER can actually stand behind. Sadly, the $19.99 battery-powered crotch rod is no longer being shipped to toy-store shelves after it was decried by puritanical media outlets and parents. Apparently, the killjoys were alarmed by all the time their kids were spending with the pulsating plastic toy crammed between their legs, fearing that they were using it for self-gratification. A Mattel spokesperson stated that the offending stick was not pulled from the market, but simply discontinued. At press time, the toy was still available at Amazon.com; anybody up for a nude Quiddich match?

## DICK FOR BRAINS

**More from the pseudoscience department:** The brains of gay men may be different than the gray matter of straight men, and we don't mean that in a Men Are From Mars, Homos Are From San Francisco sort of way. Studies by the Oregon Health and Science University of sheep who practice butt piracy revealed queer-sheep brains to be biologically distinct from their heterosexual counterparts. A close look at human specimens by HUSTLER researchers revealed similar findings and a possible cause of the cranial divergence.

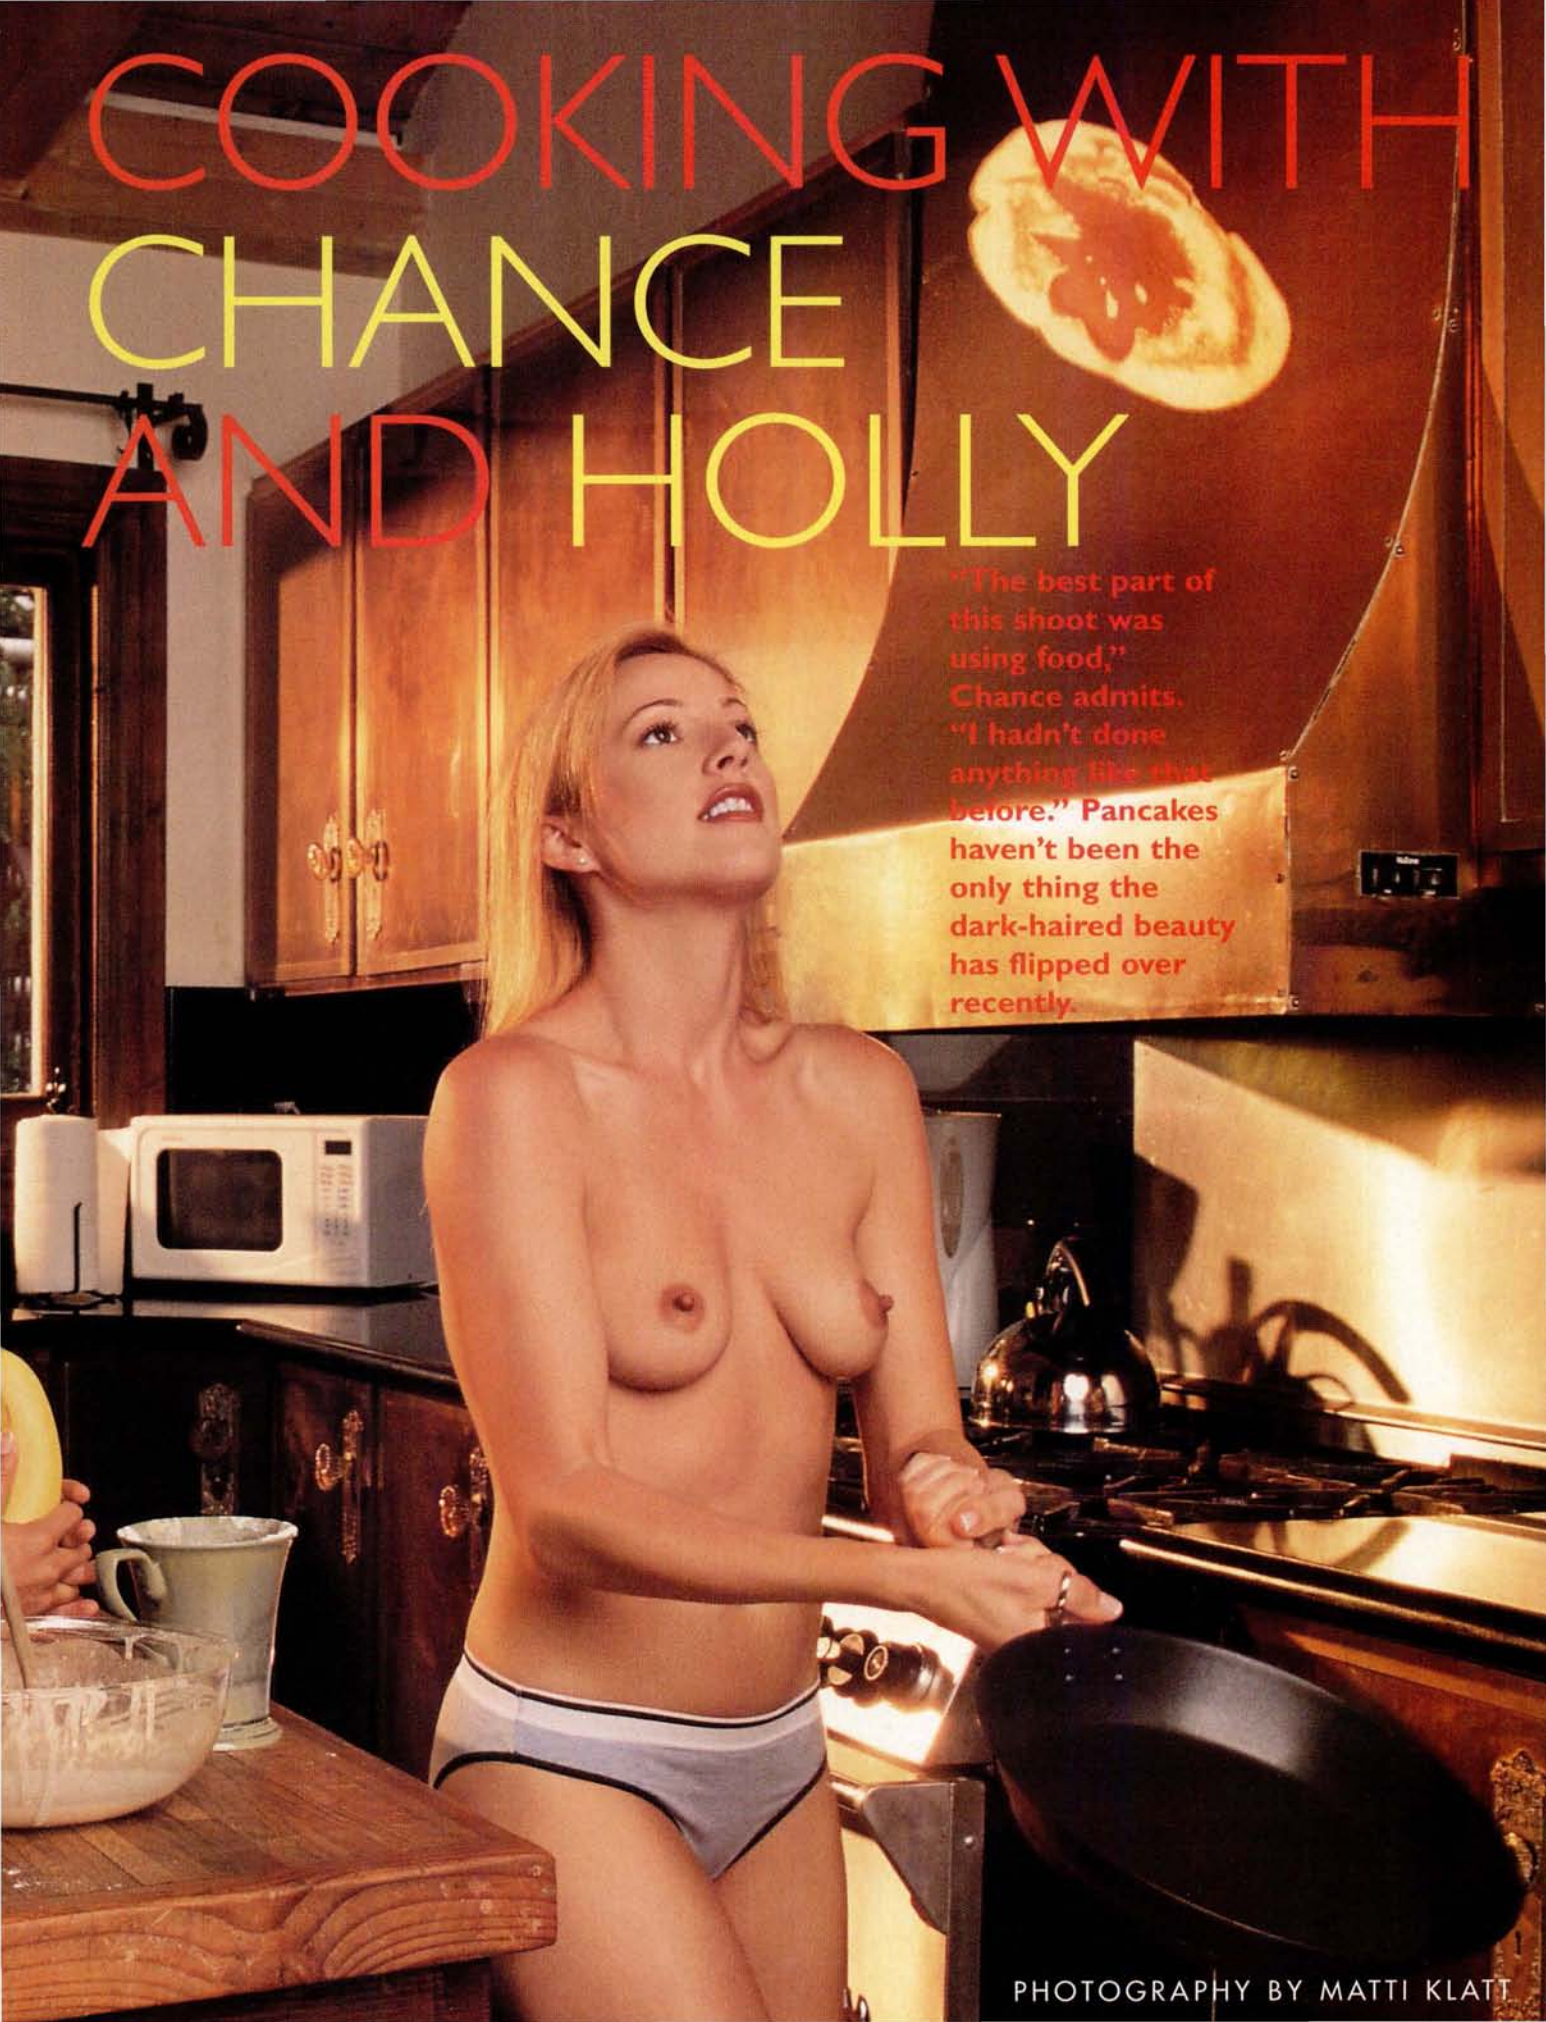
# COOKING WITH CHANCE AND HOLLY



"The best part of this shoot was using food," Chance admits. "I hadn't done anything like that before." Pancakes haven't been the only thing the dark-haired beauty has flipped over recently.

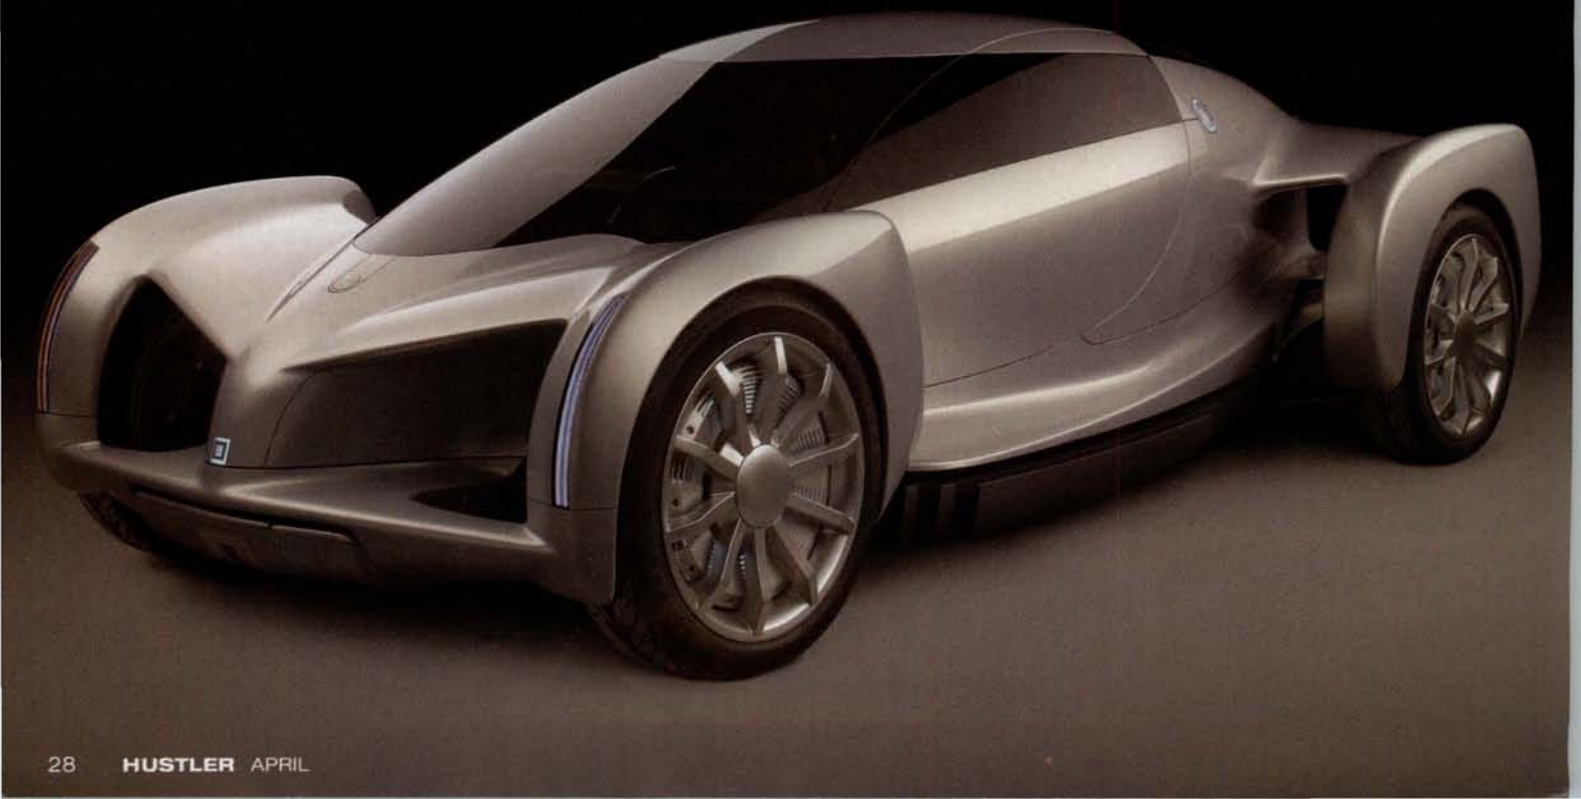
Holly Hollywood "had a blast" mixing it up with Chance because she's a fan of cooking. "I like to get stoned and cook good food," the porn starlet laughs. "That's the best time to do it!" The culinary cutie calls her photographic foray into flapjacks and fucking "a learning experience. I didn't know I could flip pancakes. I found out I was quite good at it." The self-described "actress, model and pervert" savored her Chance encounter. When she's not golfing or shopping, Holly relishes "eating pussy and making porn!"

# Cell, Yes!

## Can This Car Save the Planet *and* Get You Laid?

REPORT BY HARRY WALSH



Though it's not quite time to whip out your checkbook, you might want to start thinking about GM's fuel-cell-based concept car: the AUTOnomy. The result of years of development and breakthrough technology, the futuristic-looking vehicle not only stretches the boundaries of automobile design, it also blows them from here to Baghdad.

Aside from being a super-stud machine, the AUTOnomy is environmentally friendly, thanks to its fuel-cell technology. Nonpolluting fuel cells are capable of running on almost anything that contains hydrogen, their power source.

Auto visionary, GM Vice President for Research and Development, and Planning Larry Burns foresees a future "in which hydrogen powers our vehicles, homes and businesses. In fact, our vision goes beyond even this. We believe that, one day, your car could provide the power for your home, and your home could provide the power for your car!"

Even if you don't give a fuck about a car that can power your house, you may be pleased to learn that the AUTOnomy is going to be a fun, ass-kicking ride. Since its controls and drives are electric, you can, hypothetically, sit anywhere in the car and drive the automobile with a portable-control console. In other words, the cutting-edge hot rod drives like a video game. AUTOnomy, at last, offers a real-world payoff for the long hours spent honing computer-gaming skills.

Unlike traditional engines, which require plenty of "under the hood"

BALLARD FUEL-CELL STACKS REQUIRE A HIGH-POWER DENSITY

In terms of technological revolution, the fuel cell is the big gorilla lurking just over the horizon.

A fuel cell is not an internal-combustion engine or a battery. Nor are fuel cells new; the first was built in 1839. Nothing significant came of the new technology until the 1960s, when fuel cells were developed for spacecraft as a reliable, safe and inexpensive way to generate power for onboard systems. Still used in the space shuttle, fuel cells can be tiny enough to power a cell phone and configured in a system large enough to power a hospital. Fuel cells are quiet, clean and have no moving parts.

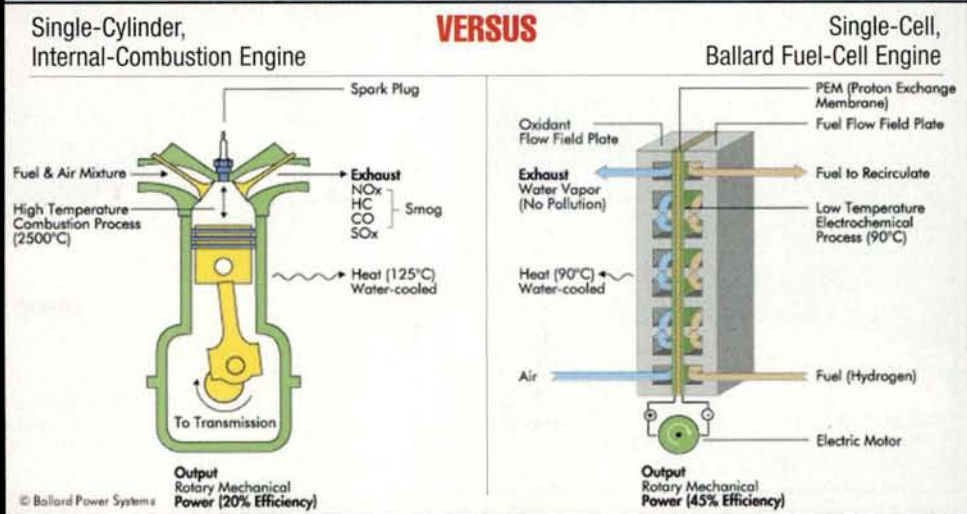
If you looked at a sketch of a single fuel cell, you may mistake it for a battery. Appearances aside, fuel cells and batteries have very little in common. Whereas batteries store power, fuel cells generate power through a chemical reaction.

Most fuel cells consume hydrogen and oxygen fuel. The several types of fuel cells are distinguished, for the most part, by the materials they are made of, the source from which they receive their hydrogen and how hot they "run." However, all fuel cells deliver power by means of a similar chemical reaction that produces free electrons that move in an external electric circuit. On the circuit, usable power is extracted. By-products are usable heat and water (or water vapor), and, depending on the hydrogen source, some carbon dioxide.

The ability to function with a variety of hydrogen sources helps ensure the coming proliferation of fuel cells. Cars can be made with fuel cells that use gasoline, methanol, propane, natural gas and more. Eventually, you may be driving a car that runs on such fuels as pure hydrogen, air, gas generated from landfills and liquids taken from plants. Fuel cells for home power will very likely use bottled gas that is sold through a network of existing propane and natural-gas distributors.

The point is, the fuel cell will enter the mainstream gradually and, where possible, will use existing infrastructures involving, not displacing, existing energy-market powerhouses.

Let's face it; a new industry that has the participation of oil companies, GE and all the major automobile manufacturers is likely to grow. For once, at least, something that's good for these big-time boys might benefit the environment and the human beings in it.



PHOTOS BY BALLARD POWER SYSTEMS

# Driving Competition

**Every major manufacturer has concept and prototype fuel-cell cars in some stage of development.**

**One European car uses a fuel cell to power the onboard systems, air conditioner and lights, but does not—at least not yet—replace the engine.**

**However, the AUTOnomy is the first car to significantly exploit the new design freedom offered by the fuel cell.**

**Most of the other prototypes resemble Geos, golf carts or delivery vans. If fuel-cell-powered automobile manufacturers want to be successful, they have to create a car that people would want to drive.**

space, the AUTOnomy's fuel-cell stack and fuel storage is spread throughout the chassis, and each wheel is separately powered by its own electric motor.

Internal-combustion engines have powered cars for so long, we have come to believe that, within fairly tight boundaries, an automobile must burn petroleum, and be a certain shape, size and weight. True, there are a few electric cars available, but they generally suck: They don't go far enough or get there fast enough.

In a conventional engine, the basic process is a sequence of contained explosions that drive down a series of pistons connected to a shaft. Because there are only two places to put a large, heavy engine—in the front of the car or in the back—there are relatively few options for the form of today's car.

Since a fuel cell does not have to contain explosions—and consequently does not require an engine—fuel-cell automobiles can be made of lighter materials. Nor do fuel cells need to be stacked or placed next to each other; they can be spread throughout the vehicle. For designers, this is an important feature. At least in the AUTOnomy, this power-plant flexibility is inspiring a great deal of creativity.

The power train, electronic-steering controls, brakes and fuel are all contained in a single, flat chassis, which GM is calling a "skateboard." The AUTOnomy's skateboard chassis contains all of the working drive parts and fuel storage. In theory, interchangeable body shapes that can be secured to the AUTOnomy chassis will allow the automobile's owner to turn his sports car into a pickup truck.

As with all innovations, fuel-cell proliferation and the promised AUTOnomy will take some time to become generally available, but the more that are made and sold, the more affordable the technology will become, and the more refined the manufacturing techniques will be. GM's Burns predicts the company will sell 80 to 90 million fuel-cell autos during the ten years following its projected 2010 release.

If the fuel-cell mobile truly dislodges the gas-guzzling, undisputed current champion of personal transportation, perhaps our nation's need for oil will no longer dictate our foreign policy, and thousands of innocent lives won't have to be snuffed in the name of gasoline. Plus, think of all the chicks you'll score when they see you cruising behind the wheel of this on-the-road sex machine.

## ANNA BELLE

To shake the blues, Anna Belle plays sports. The track star-turned-adult entertainer finds that athletics pump her up, and making love cools her down. "Sex does relax me. It's very calming."

Anna Belle doesn't like jamming with other chicks, but loves to let guys find her groove. "I like when men are aggressive. I like to lay there and have them do all the work." That's not to say that Anna Belle is a completely passive partner.

"I love doggy-style. I'd say that's my favorite, because I can interact more. I love being bent over and gripping the bedspread or something. It feels really awesome!"

Gun violence, election theft and corporate corruption are just a few of the things that totally piss off Michael Moore, and he wants to make sure that you're angry too.

PROFILE BY RICHARD JACCOMA

In 1989, maverick filmmaker, social critic and general pain in the establishment's ass Michael Moore burst upon the scene with *Roger & Me*, a funny, tragic, bitter documentary about the huge layoffs and disastrous displacement of auto workers in Flint, Michigan.

The highest-grossing documentary of all time, *Roger & Me* birthed an antiestablishment cottage industry for Moore, including his Emmy Award-winning television show *TV Nation*, best-selling book *Downsize This!*, cable-TV series *The Awful Truth* and the comedic film *Canadian Bacon*. Most recently, Moore unleashed the runaway best-seller *Stupid White Men...and Other Sorry Excuses for the State of the Nation!* and the documentary *Bowling for Columbine*, the disturbing yet funny "sequel" to *Roger & Me*.

*Stupid White Men* delivers a scathing attack on George W. Bush and the ugly, illegal means he and his henchmen used to steal the White House from Al Gore after Bush lost the election by more than 500,000 votes (see the Greg Palast interview in March 2003 HUSTLER).

And that's just for openers.

Moore's book scatter-guns capitalism's corrupt side with not-so-random slashes at big polluters, stock manipulators, mass-media moguls, Republican sleazoids and Democratic wimps. Coincidentally, the book was due to hit the stores on September 11, 2001. Moore's publisher, HarperCollins, held the tome back along with other new releases. In the aftermath of such a profound national tragedy, books, albums, films and other mass-media artifacts suddenly seemed oh so trivial.

After he called HarperCollins for weeks, Moore's editors finally invited him in for a chat.

"They said, 'We've had a change of mind; this book is very harsh on the President. It's just out of touch with the new political climate. America is united-we-stand behind George W. Bush, and we'd like you to go back and rewrite 50%, and tone down your criticism and your dissent,'" Moore recalls. "I couldn't believe what I was hearing. I said, 'I'm not going to rewrite 50% of one word.' I was so depressed that this could happen in the United States. At a time [when] we talk about protecting our freedoms, we reduce our freedoms. It's so bizarre."

The publishers told Moore that they planned to "pulp" the entire 50,000-print run, but Moore dug in his heels and refused to budge—even when the HarperCollins team brought in an executive from the parent company, Rupert Murdoch's News Corp. According to Moore, the News Corp honcho growled, "There's this chapter here that's called 'Kill Whitey.' Whitey is not the problem." Moore looked at him and replied, "Sir, Whitey is *always* the problem."

Rather than rewrite and tone down the book, Moore launched what amounted to his own nonbook tour for *Stupid White Men*. He read excerpts and told audiences what they were hearing was as much as they were likely ever to receive, because the book itself was being censored. Then a mild-mannered librarian in one of Moore's audiences began an Internet letter-writing campaign, which grew into an avalanche of librarian protests directed at HarperCollins.

**Within 24 hours of its release, *Stupid White Men* bolted to number one on Amazon's best-seller list.**

It seems that publishers quake in their boots when librarians complain, and the deadlock was finally broken. HarperCollins released *Stupid White Men* uncensored, though, according to Moore, the publishers gauged America's ultrapatriotic, united-we-stand mood and assured Moore that his anti-Bush mudslinging was going to bomb big-time.

The only thing they were right about were the words *big time*. Within 24 hours of its release, *Stupid White Men* bolted to number one on Amazon's best-seller list. The next day, the book went to number one on three other lists, then smugly nestled in for a stint on the *New York Times* best-seller list that has lasted nearly a year and counting.

Moore tells his book-tour audiences that he believes *Stupid White Men* is a hit

## Birth of a Badass

When Mikey was a Catholic-school first grader, he had a problem, which he details in *Stupid White Men*: "My parents—and God bless them forever for doing this—had taught me to read and write by the time I was four." Of course, that meant Moore was bored senseless by the absurdity of chanting, "A, B, C, D, E, F, Geeee...now I know my ABCeeees...." The nuns pegged little Mike's restlessness as a symptom of advanced intelligence and promoted him to second grade. But Mama Moore insisted he be put back, afraid he'd go through school doomed to be the smallest kid in his class (apparently, his robust appetite would develop later in life). Instead, he was fated to search for ways to keep busy: "I started an underground school paper in fourth grade," he says. "It was shut down. I started it again in sixth. It was shut down. In eighth grade, I not only started the paper again, I convinced the good sisters to let me write a play for our class to perform at the Christmas pageant, something to do with how rats occupied the parish hall. The priest put a stop to that one and shut down the paper again."

not despite his criticism of Bush, but precisely because of it, and that Bush's seemingly high approval rating is an illusory by-product of the current climate of fear.

"Somebody said to me the other day, 'Mike, you've gotta get over it; the election's over, and Bush is in there,'" says Moore. "Hey, I am never gonna get over it, because our most basic right as citizens in a democracy is our right to have our vote counted. Too many people died for that right, and I will never shut up about it. This man is in there illegally. This is the dumbest guy ever to occupy the Oval Office, and that's what he's doing—occupying it. Nobody elected him."

Moore indignantly details precisely how the Bush team outright stole the election they had lost. He recounts their months of cheating and cronyism, from Jeb Bush illegally throwing African-American and Hispanic voters—an overwhelmingly large percentage of whom were Democrats—off the voting rolls in Florida to the team's collusion with the right-wing-dominated Supreme Court, which stepped in to stop the Florida recount when Bush would have lost, despite all his trickery.

Reaching for some shred of consolation, Moore reports with bitter glee how, at Bush's inauguration, demonstrators pelted the presidential limo with eggs and tomatoes while shouting, "Hail to the thief!"

"It might have been the finest thing I have ever witnessed in Washington, D.C.," writes Moore. "A pretender to the American throne forced to turn tail and run from thousands of American citizens armed only with the Truth and the ingredients of a decent omelette."

**"Our most basic right is to have our vote counted. Too many people died for that right, and I will never shut up about it."**

While Moore may not be able to get over Bush's theft of the White House, neither can he resist doing what he does best: taking on corporate America. In *Stupid White Men*, he turns his attention for the majority of the book to the true "evildoers" of this world. For example, he insists that the current economic downturn is a ruse to hide the theft of billions by the superrich, and contends that the rounds of company failures, downsizings and cost-cuttings are a cynical strategy to keep the battered middle class off balance.

"They've removed the free coffee pot—not because they can't afford the coffee, but because they need to fuck with your mind," writes Moore. "They need you in a constant state of stress, suspicion and fear. YOU COULD BE NEXT!"

In a sense, Moore's guerrilla critique of America is a life's work in progress, and, wisely, he used his speaking tour promoting *Stupid White Men* not just to flog the book, but also to continue the sordid saga. For example, Moore tells audiences that Bush's theft of the election is a clue to an explanation of the true nature of the forces at work on and after September 11.

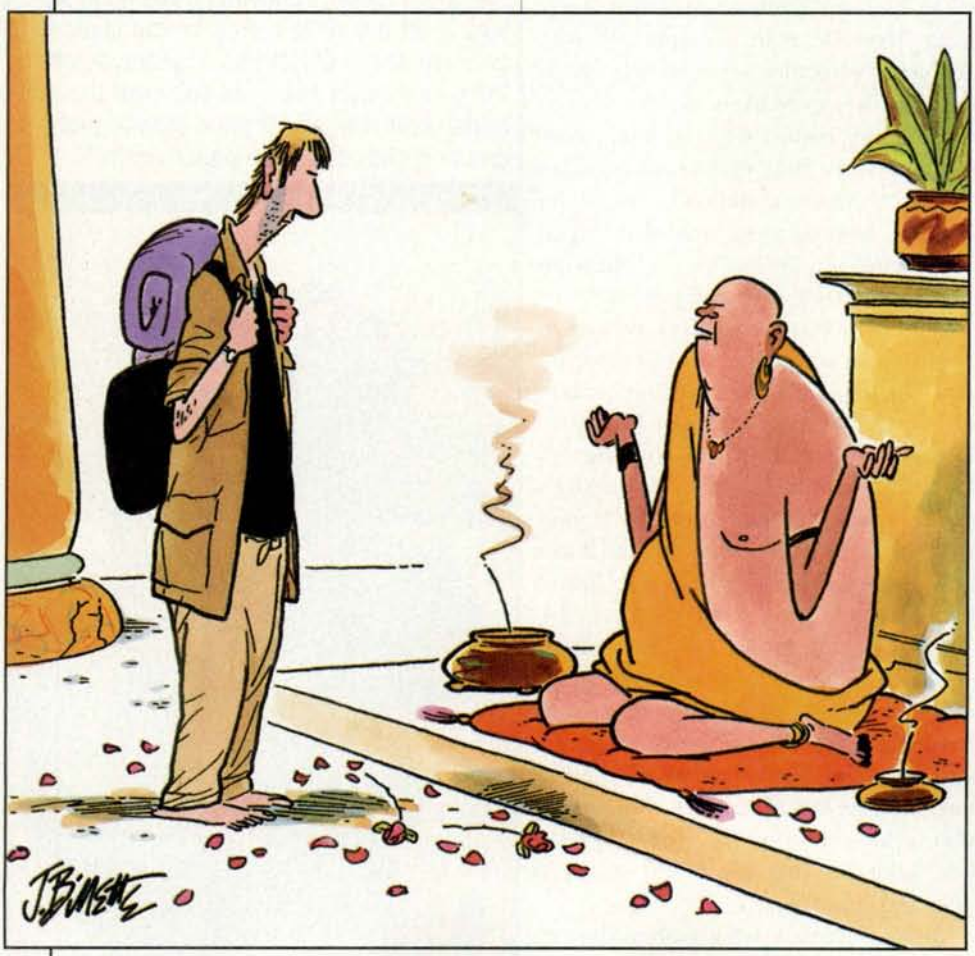
In a recent speech, after discussing the election theft once again, Moore asked his audience to consider some chilling questions: "What kind of a guy would do this? And if he'd do this, what else would he do? Think about it."

Moore has given it a great deal of thought.

He begins by pointing out a fact that has been buried in America's own mass media: In the days following the terror attacks, all commercial flights in the U.S. were grounded, except for one. A private Saudi jet flew around the country, making stops in at least four cities, picking up approximately two dozen members of the Bin Laden family and spiriting them out of America. The FBI strenuously objected, but was given a strict hands-off order by the White House.

Why was the FBI told to keep their hands off? Could it have something to do with the Bush family's connection to the Bin Ladens? "The first oil venture Daddy set [W.] up in back in the '80s," says Moore, "was an oil company called Arbusto, which I'm told is Spanish for *bush*. Who funded George W.'s venture? The Bin Laden family."

Moore has a few choice words to say about Vice President Dick Cheney too, by way of the curious *(continued on page 62)*



*"Love is the answer. But if she does not swallow—dump the bitch!"*

# Jeanna Fine Tells the Fucking Truth

## Super-Pussy

People tell me that my cunt is very unusual. The first few times I fuck a guy, he always explodes within seconds. More than one of them has said that my cooze has some kind of bump inside that rubs cocks in such a way that they spurt uncontrollably. Have you heard of this unfortunate defect? Should I warn guys in advance before they nail me? —A. J.
via Internet

**I'm assuming you're a good girl who goes to the gynecologist often, especially if you're sexually active. If there is anything out of the ordinary, they would have spotted it by now. However, just to be on the safe side, you need to tell your doctor what you told me. You want to make sure that the bump isn't a wart, tumor or growth of some other kind. If you can put your finger in there and feel something that shouldn't be there, visit the gyno immediately. As far as why your men finish so fast, have you been doing Kegel exercises? That might be one source of your pussy's power. I am a huge fan of those exercises and have been doing them since I was 16. (Yes, girls, they really do work.) But the bottom line is you need to have yourself checked out.**

## Surprise Package

It's always been my fantasy to fuck an Asian transvestite. How does one go about meeting yellow-skinned chicks with dicks? —M. B.
Chicago, Illinois

**I know for certain that many magazines and local adult papers carry advertisements for just such a purpose. In some cases there are even pictures that let you see what you'll be getting into (or what'll be getting into you). You can also find plenty of options on the Internet. However, I can't stress enough that you should *never* give strangers your home address and phone number. Even if you go through an agency, you'll want to set up such an appointment in a hotel with security. Use your common sense. I also don't recommend driving down the boulevard and picking up the first thing that looks like an Asian man with boobs. Whatever you do, please be careful first.**

## Jackass Prankster

I like to call up escorts, then reject them when they show up by saying that they aren't pretty enough. I secretly videotape their bitch fits and enjoy watching, and rewatching, my collection of candid tapes. I've been slapped and scratched quite a few times, but I've never returned the blows. Once a pimp even tried to break down my door to kick my ass. Sometimes, if I'm in the mood, I talk the whore's price down, then fuck the self-esteem out of her. I know this kink is unkind. I'm sure the urge has something to do with anger toward my ex-wife. Are there other men like me who get off on rejecting hookers? —T. C.
Grand Forks, North Dakota

**Yes, I imagine that there are other guys who enjoy playing the same tricks, but what you're doing is highly illegal. Videotaping anybody without their consent is not only unkind, it's just plain immoral. You may be fucking with their self-esteem, but your behavior shows that you have very little esteem for yourself. These are issues that need to be worked out in therapy and not in front of a video camera. You're also playing with your life, because if you're hiring girls who work with pimps and not going through an escort agency that screens customers, you may find yourself facing a pimp who succeeds in knocking down your door, and instead of bitch-slapping you with the back of his hand, he'll hit you with a .38. I recommend that you stop right now, get rid of the videotapes, lock up your camera, and see a counselor.**

## Weak From Wanking

I know that the rumors about masturbation making you blind or causing hair to grow on your palm are bullshit. I whack off every day, all day long, and suffer from neither ailment. Even so, I've been feeling very fatigued lately; I feel like I have a cold that I just can't shake. I haven't felt up to leaving the house for at least a week. Can all the semen I spurt be sapping my strength? —T. H.
via Internet

**I doubt that masturbation is draining your life force, but you could have a problem with your immune system. There are all kinds of ailments, too many to list here, with identical symptoms to those you've just described. Regardless of how many ejaculations one has in a day, the only fatigue that should result is from the amount of physical energy used in acquiring that climax (i.e., having rampant, crazy sexual activity with lots of sweating and panting). If you're just stroking, I can't imagine there's a whole lot of that going on. Splooging alone should not leave you weak and tired. I suggest you see a general practitioner and have some blood work done.**

(continued from page 46) connections between Taliban leaders and Texas tycoons. In 1995, Taliban mullahs were red-carpet guests of oil executives in Houston, courtesy of the energy company Unocal. At stake was (and still is) a plan to build pipelines to deliver oil and gas from Central Asia through Afghanistan, down to the Arabian Sea. At the time of their oil-company courtship, the Taliban had been hosts for a year and a half to an honored guest from abroad, Osama bin Laden, who'd already been linked to deadly terror attacks against Americans in Riyadh and Dhahran in Saudi Arabia, Somalia and elsewhere.

"Who was going to build that pipeline?" Moore asks. "Halliburton. And who's the head of Halliburton? Big Dick Cheney."

Moving up the family Bush, Moore points out, "George Sr., after leaving the White House in 1993, forms an equity firm with [his former Secretary of State] James Baker called the Carlyle Group. Who's one of his main backers? The Bin Laden family. Where does George Sr. stay when he goes to Saudi Arabia in the last ten years? At the Bin Laden palace."

Speaking of such matters, Moore continues, "People say you can't paint all the Bin Ladens with the same brush stroke. You can't blame the parents because some boy turned out bad. I'm sure you're right. I'm sure these are good people—salt of the earth. But let me ask you this: Do you think Barbara and George Bush would be having a sleepover at Charles Manson's parents' house? Are you telling me that, out of six billion people on this planet, it's just a coincidence that one of the Bushes

**"Where does George Sr. stay when he goes to Saudi Arabia in the last ten years? At the Bin Laden palace."**

is the President and one of the Bin Ladens is the attacker? What's going on here? What deal went south? What aren't they telling us? The only jet that should have been flying around after September 11 was a private Saudi jet picking up all the Bushes and scooting them out of the country. *They're* the evildoers."

Going beyond his anti-Bush crusade, Moore's newest documentary, *Bowling for Columbine*, is a brilliant, funny, tragic meditation on gun violence in modern America. It was a hit at Cannes, and a success in the U.S. as well.

The film takes its title from the fact that, before their mass-murdering rampage, shooters Eric Harris and Dylan Klebold attended their morning phys-ed class, bowling. Though Moore himself is a self-proclaimed master of the cheap shot, *Bowling* doesn't offer any easy answers. For example, the filmmaker points out that, while the U.S. population is only about ten times that of Canada, it had 11,000 gun deaths last year, compared to Canada, which only had around 100. (While there are more guns in the U.S. per capita, Canadians still own seven million firearms; they just don't kill each other as much as we do in the States.)

Moore does come to some clear conclusions though. He turns the tired National Rifle Association slogan on its head, demonstrating that it may be true, as the NRA proclaims, that "guns don't kill people; people kill people," but more to the point, America's vicious, media-driven culture of fear, anxiety, poverty and race hatred causes people to kill people with guns.

Moore has a big mouth. By his own admission, he won't shut up about the real nature of the evils in which the country is awash. Yet one of the most moving moments in all his films is a nearly wordless instant in *Bowling for Columbine*. He's been talking to the pleasantly stoic African-American principal of the Flint, Michigan, school where a second grader brought his uncle's automatic weapon to class and put a bullet into the young girl seated beside him.

The principal speaks calmly and somberly about the ugly, history-making affair (the killer was the youngest boy on record arrested for a gun homicide), until she tries to describe how difficult it still is for her to deal with the memory of that little girl bleeding to death on her classroom floor.

As this dignified woman tries to bring the words out, she suddenly stops, sobs and turns away from the camera. Moore looks at her and whispers, "I'm sorry." Putting his hand gently on her shoulder, Moore turns away with her, messing up his shot but making his point.

# Give Her a Cum-Drenching the ultimate fuck She'll Never Forget

By Nancy Ann

## *Learning "The Ropes"...*

I'd like to share a letter from a reader, about a secret that makes sex absolutely explosive (literally!).

Amy writes:

*Nancy, my boyfriend has always been able to satisfy me sexually. With an ample cock-size, average endurance, and creative oral technique, he almost never fails to get me off. But what I experienced the night he returned home from a business trip in Europe was the surprise of my life—a fucking I will never forget, and an orgasm that no man before him has ever come close to equaling.*

*Since I love to suck cock, the second my boyfriend dropped his luggage I stripped off his clothes and proceeded to please him with my best welcome-home blowjob.*

*Before long my wet mouth had him pumping gob after hot gob down my throat and on my face. With a fistful of throbbing cock, I held on for dear life as he unloaded his sweet jism; these were "power throbs" that kept launching massive amounts of come. I've never seen anything like it—a man having a multiple! I was so totally turned on being nearly drowned with his super-human load. And it didn't stop there! He stayed erect, throwing me down on the floor and pounding my twat until we both had simultaneous, earth-shattering orgasms, practically causing both of us to pass out. The rest of the evening and throughout the week we fucked ourselves into a frenzy; his recovery time between these supercharged orgasms was that of a teenage boy.*

*Since that mind-blowing night, all I can think of is sucking and fucking my new "power lover" all hours of the day and night. Finally, curiosity got the best of me, so I asked what had turned him into such a fuck machine. His answer: He had learned "The Ropes."*

*Turns out my boyfriend had spent an evening in Europe with a Swedish nutritionist and his wife of 20 years. The couple was openly sexual and couldn't keep their hands off each other, so my boyfriend asked them their secret. The nutritionist explained he regularly took a natural supplement, and gave my boyfriend about a month's supply, telling him it would teach him "the ropes" of great sex.*

*The supply is about to run out, and we want to know where we can buy this incredible enhancement. Do you know if this product is available in the States?*

*Amy B.*
*Dallas, Texas*

Amy, you and the rest of my readers are in luck, because it just so happens I do know about "the ropes," and the supplement your boyfriend's Swedish nutritionist friend likely shared.

The physical contractions and fluid release during male orgasm can be multiplied and intensified by using a product called Serogen. It's a natural, pure extract specially formulated to trigger better, more powerful orgasmic experiences in men. The best part, from a woman's perspective, is that the motion and experience a man can achieve with Serogen can help stimulate a strong female orgasm.

The term the Swedish nutritionist used is actually fairly common slang for the effect your boyfriend experienced. The enhanced contractions and heightened orgasmic release are often referred to as "ropes" because of the rope-like effect of release during climax.

As far as finding this enhancement in the States, I know of just one importer—Somalab. If you are interested, you can contact the company toll-free at 1-866-SOM-A-LAB or visit the Web site www.somalab.net. Serogen is an all-natural, herbal-derived tablet. Most people I've spoken with have said that just taking three a day has led to the roping effect Amy describes in her letter.

Svetlana, a sucker for nu-metal bands and Bebe outfits, is a bit more conservative in her sexual tastes. "I guess I'm kind of boring; I like to be on my back. I don't like any fancy positions or anything. Look at it this way: Great sex is never boring!"

# Fresh From the Net

Chicks have it so easy. Whether she's a dirty girl-next-door type, an innocent-yet-inquisitive lass or a perverted bitch with an attitude, a gal can turn a healthy profit just by showcasing her sexual prowess on the almighty Internet. In fact, any babe with enough balls to flood the Web with images of herself shoving bottles in her ass, servicing 17 black dudes in a row or smoking a cigarette with her vagina deserves a small fortune. However, we admire these amateur Internet vixens for their scrappy, independent approach to whoredom. Thanks to their efforts, porn's aesthetic values are shifting from San Fernando Valley, California, to Anytown, USA. Here are a couple of Web sites to guide you in your computer-assisted whackathon:

## >> www.PennyFlame.com

PennyFlame.com is a grand example of what amateur XXX sleaze should possess: simple design, easy maneuverability while in the depths of self-pleasure and numerous steamy pages plastered with sultry images of a delectable female treat. Penny's ability to boil our balls comes from her all-American appeal. A natural in front of the camera, her subtle dimples, unaltered breasts and fetish-friendly smoking photos earn this 19-year-old San Diego beauty many fist-humping ovations.

Like any amateur porn site, PennyFlame.com is a work in progress. As she slides deeper into the sex business, Penny's sexual reservations will dissolve. What is daring now for her will seem tame next year, or possibly next week. Her appetites will grow with time—remember, she's only 19—and with them the desire to experiment with better boys and bigger toys.

Penny Flame offers custom videos for her members. For the appropriate fee, young Penny will videotape herself in the style and requirements set forth by the creepy customers who solicit her services. One sicko perv requested that Penny squash bugs—cockroaches, worms—with her feet, but only under a glass table. Twisted requests like this are sometimes shocking for those working in the sex business for years, but for a newcomer like Penny, it's no big deal. "As long as they pay me," she says.

## >> www.LatinLittleLisa.com

LatinLittleLisa.com explores the sex life of a real, amateur Latina. Lisa, a 25-year-old, bisexual firecracker from Southern California, comes equipped with a breathtakingly innocent smile and a Latin booty to die for. Stoked boyfriend "BigD" snaps the pictures and shoots the video of his spicy girlfriend twat-munching and pole-smooching her way into the global reaches of Internet heaven.

Little Lisa made the leap from closet nympho to downloadable sex babe because of her undying need to vent the huge sexual cravings stirring deep inside her tasty cooze. Lisa's man, BigD, played a big role in her coming-out party—it was his acceptance of her horny antics that allowed this site to grow in the first place.

Boasting numerous photo-sets and video clips, LatinLittleLisa.com is an amateur porn fan's utopia. Carefree, unscripted frolicking unfolds with a freshness rare in adult entertainment. "Lisa lubes up a Porsche" reminds us why we dig novice smut—unplanned self-pleasure brought on by a sexy Halloween costume and a nasty girl's need to get off. It's what all porn should strive to be: spontaneous sexual acts performed by a real chick.

Fresh-faced Lisa has a good thing going: addictive looks, bodacious curves and a stellar stage upon which to display her talents. Her brazen joys in pleasuring herself and her fans will allow this site to grow in healthy spurts.

# JENNA AND AMERICA'S MAGAZINE

# "I CONSIDER MYSELF A HUSTLER GIRL"

As the most famous porn star in the world, Jenna Jameson needs little introduction in these pages. Ever since the mid-1990s, when the jaw-dropping starlet became the hottest thing in the jizz biz, HUSTLER has followed her bone-swelling career closely. After gaining fame as a contract girl with Wicked Pictures and making memorable appearances in mainstream fare such as Howard Stern's *Private Parts: The Movie*, Jenna took a hiatus from the adult industry. When she returned, Jenna was hotter than ever, signing a new deal with Vivid Video and debuting her scorching Web site ClubJenna.com. Although Jenna seemed to be popping up everywhere, her magazine layouts had virtually stopped—until now. After signing an exclusive deal with HUSTLER, we're proud to announce that the only place you'll find new pictorials of Jenna Jameson is in the pages of America's Magazine. Three times a year, we'll bring you spectacular new spreads of Jenna that you can't find anywhere else. Also, starting next month, watch for a monthly column from Jenna, accompanied by more new pix of the blond heartbreaker—plus, along with May's issue, don't miss a stunning 32-page insert bursting with brand-new shots of Jenna at her hottest.

Despite her hectic schedule, Jenna found time to talk with HUSTLER about everything that's going on in her life right now, and what the future holds for America's Porn Queen.

**HUSTLER:** Thanks for taking a break to talk with us. First off, why did you decide to make your exclusive deal with HUSTLER?

***JENNA JAMESON:*** Well, I think that it's certainly been a long time coming. HUSTLER was one of the very first magazines that ever shot me. That was about nine years ago. Since then, I've been through quite a bit in the industry, and now I just think that it's the perfect marriage between me and HUSTLER. They're taking over the adult industry, so who better to go with? And I am excited about doing another layout; it has been so long since I've done one.

**HUSTLER:** What else do you have in the works now?

***JENNA:*** I'm going to be doing a Web site along with HUSTLER that will have a great deal of content featuring me. It's really exciting for me, because HUSTLER is so huge, and they reach a really big audience in comparison to other Web sites, and it's opening up new doors for Club Jenna. So I'm working on that, and obviously I'm under contract with Vivid, who just recently did a deal with you guys. It seems like every aspect of my business is going hand in hand with HUSTLER; so it's wonderful.

**HUSTLER:** You've also been busy outside the adult industry. Video-game fans have been gushing over your work in *Grand Theft Auto: Vice City*. Can we expect more Jenna video games for our Playstations in the future?

***JENNA:*** Yeah. That kind of came out of the blue for me. They called me up and asked me to do it, and I was always a really big fan of *Grand Theft Auto*; so I jumped at the chance. I play a character named Candy Suxxx, which is so fitting. I never realized how big the gaming industry is—it's huge; I mean, I get e-mail after e-mail about this. You can also expect me to be in a couple more really big games in the coming year. I can't say exactly when yet, but they'll be coming out soon.

**HUSTLER:** You also recently made a movie for Comedy Central called *Porn 'n' Chicken*. Sounds tasty; can you tell us a little more about that?

***JENNA:*** It's a true story about some college kids that used to get together in study groups to try and get themselves through school. The story is that they bought big buckets of chicken and watched porn and discussed their studies for the day. It became so popular that it made it into the news. I worked on it with Ron Jeremy. If anybody's ever met Ron Jeremy, they know that it's hard to get a word in edgewise, and the whole thing was improvised; so I had to practically put Ron in a headlock to get a line in. But it ended up being a blast.

**HUSTLER:** On top of that, you're taking the mainstream publishing world by storm.

***JENNA:*** I signed a two-book deal with HarperCollins. My first book will be half sex tips and half autobiographical. It's called *How to Make Love Like a Porn Star*, and it's really hilarious. I poke fun at myself the whole time and tell all the stories about my sex life and how the sex tips that I'm giving in the book have affected my sex life—so that one was a lot of fun, and my next book is going to be a tell-all.

**HUSTLER:** And what can we look forward to in that?

***JENNA:*** Well, that one won't be out until—we're hoping—2004, so I can't really say right now, but the first one will be released in *(continued on page 161)*

**Question: What's a Catholic priest's favorite drink?**

**Answer: A virgin mud slide.**

A newlywed husband had to go on a business trip, and hated to leave his gorgeous, sexy blond wife alone. The night before he left, he brought home a vibrator and gave it to her.

"What's this for?" she asked.

"It's for those lonely nights when you miss me," explained her husband, winking. "Just think of it as something to take my place when you get horny."

A week later, hubby returned home and found the vibrator in the garbage.

"Honey," he said, "why did you throw it away? I told you, you should use it in my place when I'm gone."

"I did," she said, "but the thing chipped my teeth."

A little girl had just urinated on the classroom floor and started to cry. The teacher looked toward the back of the room and saw the puddle.

"Susie, why didn't you put your hand up?" the schoolmarm asked.

"I did," Susie sobbed, "but it trickled through my fingers."

Little Red Riding Hood was walking through the woods. Suddenly, a wolf jumped out from behind a tree. "I'm gonna eat you!" the creature said, salivating.

"Go ahead!" Red grumbled, lifting her skirt. "But Jesus Christ, can't we ever just fuck?"

A man appeared before St. Peter at the pearly gates.

"Have you ever done anything of particular merit?" St. Peter asked.

"Well, I can think of one thing," the man offered. "Once I came upon a gang of high-testosterone bikers who were threatening a young woman. I directed them to leave her alone, but they wouldn't listen. So I approached the largest and most heavily tattooed biker. I smacked him on the head, kicked his bike over, ripped out his nose ring and threw it on the ground, and told him, 'Leave her alone now, or you'll answer to me.'"

St. Peter was impressed and asked, "When did this happen?"

"A couple of minutes ago," the man replied.

Question: Have you heard about the real-estate market in Afghanistan?

Answer: It's leveling out.

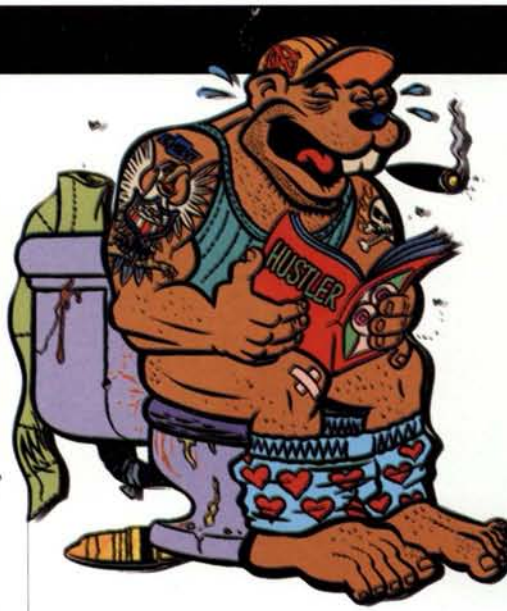
A Nevada tour bus was driving by Moonlight Bunnyranch in Carson City.

"On your right," the guide said over the PA system, "you'll see we are passing a legal house of prostitution."

"Why?" a passenger asked.

The HUSTLER Dictionary defines *50-cent piece* as: a crack whore.

An old geezer in the rest home took a fancy to an old lady who was also staying at the home. One day he screwed up enough courage to tell her he wanted to make love to her. She agreed on the condition that he go down on her first. After 30 seconds of rugmunching, the old man said, "I'm sorry. I can't go on. It just smells rotten down there."



"It must be my arthritis," she replied.

He looked at her and said, "Surely you can't get arthritis down there. And even if you could, it wouldn't cause that horrible smell!"

"No," she explained, "the arthritis is in my shoulder. I can't wipe my ass."

Two strangers went to play golf one day. One had a little dog with him. On the first hole, the guy with the dog sank a 40-foot putt, and the pooch jumped up on its hind legs and danced a little jig around the green.

"That's a neat trick," the other golfer said. "What does he do when you miss a putt?"

"When I miss a putt, he turns flips," the first man answered.

"How many flips does he turn?" the second asked.

"Depends on how hard I kick the little bastard," the first replied.

TABOO-BREAKING RELATIVES HAVE RECENTLY APPEARED IN ADULT FILMS WITH EACH OTHER, EVEN PERFORMING TOGETHER IN THE SAME SEX SCENE. MOTHERS AND DAUGHTERS, TWIN SISTERS AND OTHER BLOOD-RELATED, ON-CAMERA FUCKERS REVEAL WHAT IT'S LIKE TO SHOW SKIN WITH THEIR KIN.

"Suck it, Mom. Suck it hard," says 21-year-old Manx to her 42-year-old mother, Lacey. The mother-daughter team are simultaneously licking an erect cock, their tongues occasionally meeting at the tip. The women possess a striking family resemblance: They have the same eyes, matching bone structure, similarly shaped breasts and duplicate cum-catching smiles.

As her mother continues giving head, Manx sucks her mom's breast—something she may or may not have done as a baby. Lacey then turns the tables by wrapping her lips around her child's nipple. "Suck my tits, Mom," says the younger porn actress.

With her mother on all fours, Manx positions her face directly behind her mother's asshole. She moves in to munch on the maternal anus, but can't bring herself to do the deed, laughing instead.

Finally, Steve Austin, the man behind the meat, instructs the duo to arrange themselves cheek to cheek in front of his penis so he can ejaculate on both faces. The women obey and, in a moment of mother-daughter bonding, receive a large dose of man milk. So ends the 44th installment of Extreme Associates' *Cocksmokers* series, one of a handful of recent films to feature blood-related sex performers.

In Ventura, California, where Manx and Lacey live with Manx's two-year-old daughter and Lacey's 19-year-old son, the blue-screen thespians discuss their kinky sex scene and their struggle to maintain boundaries when working together.

Pretending to have sex with her mother doesn't bother Manx, who reasons, "I came out of her pussy; I'm not going back for fun." In order to minimize possible psychological repercussions, Manx and Lacey limit their sexual contact. The two will kiss, but not deeply. Manx won't lick her mother's "butthole," but will pretend to lap anything else. Lacey will "kind of touch" her daughter's vagina, but "won't really" massage it.

# The Sounds of Incest

## FAMILIAL FUCKING IN SONG

>> "Somethin' Stupid" *—Nancy Sinatra with Frank Sinatra*
The basic premise of this perverted duet is that they want to boink each other, but ruin their chances by "saying somethin' stupid like 'I love you.'" Of all the songs in the world to record, this one seems an odd choice for a father and daughter—or is it?

>> "Kissin' Cousins" *—Elvis Presley*
The King, who'd already displayed a curiously close relationship with his mother, belts out a paean to his main squeeze, who's "a distant cousin, but she's not too distant with me." On a possibly related note, Presley was from Mississippi.

>> "Lemon Incest" *—Serge Gainsbourg*
French singer/songwriter/lecher Gainsbourg, who once told Whitney Houston that he wanted to fuck her on a live television show, performed this controversial, moan-heavy duet with his 13-year-old daughter, Charlotte. The video features Serge and his daughter lying next to each other on a circular bed. The song's title is some sort of pun, having to do with the zest of lemon, but it doesn't quite translate into English.)

>> "I'm Back" *—Eminem*
*The Marshall Mathers LP* has at least two references to Eminem fucking his mom. In the song "Kill You," Eminem orders her to "bend over, and take it like a slut" so he can rape her, but the song "I'm Back" has the more graphic description of mother-son sex: "I don't give a fuck if this chick was my own mother/I'd still fuck her w/ rubber/and come inside her and have a son and a new brother/at the same time/and just say that it ain't mine."

In their minds, talking nasty to each other is almost more disconcerting than the act itself. Asked during the *Cocksmokers* scene to call her mother a "fucking dirty, little cunt" and order her to "suck that dirty cock," Manx opted for a simple, "Suck that dick."

"She's my mother," explains Manx. "The last thing I want after we're done with a scene is for her to think, *Does my daughter really think of me this way?*"

Lacey laughs. "That I'm a dirty cunt, rotten whore?" Lacey doesn't understand how what she and her daughter are doing could be construed as incest. "How could it be incest when she's not a child anymore? [Free-speech activist] Bill Margold said it the best: 'It's not like you're doing it to your six-year-old daughter and trying to seduce her; it's your 21-year-old daughter that you're friends with.' That is what convinced me to do the blowjob scene."

Still, Lacey isn't completely convinced that the two didn't do something wrong, perhaps because she was molested as a child by her father. One night, after their shoot for Extreme, Lacey had a few drinks and wondered if she had violated her daughter. She talked to Manx. Lacey recalls the conversation: "She said, 'Mom, don't think that way. I don't feel bad about this. Please don't feel bad. If you do, then I'm going to. It looks bad, but it was totally innocent. It was just a blowjob. We shared sucking a dick together. Don't sweat it, Mom.'"

To them, performing a sex scene with your consenting, of-age child may be "totally innocent," but according to William Feigenbaum, an attorney who specializes in First Amendment law at Lipsitz, Green, Fahringer, Roll, Salisbury & Cambria, LLP, people involved in incestuous porn could find themselves in legal hot water. While incest law, as it relates to the sex industry, hasn't been tested, Feigenbaum says the law itself is not ambivalent. Incest, generally defined as direct sexual contact between close relatives, is a crime established by state statute. The definitions of "sexual contact" and "close relative" vary from state to state.

Feigenbaum warns that porn actors who engage in incest aren't the only ones who risk prosecution; their directors, talent agents, photographers and distributors can be charged for aiding and abetting a felony. Even projects that feature simulated sex are taking a legal gamble. "Suppose a jury believes there was contact even if there wasn't? Or suppose they're so disgusted that they're willing to find that there was contact, even if there wasn't—you want to take that chance?" Feigenbaum posits. "This is the kind of thing that [Attorney General] John Ashcroft is waiting for."

Porn star Charlie introduced her bodybuilder mother, Kitana Steel, in Ed Powers's *More Dirty Debutantes #70* and appeared alongside her in Hollywood Video's *Horny Henry's Sexual Relations: Mother and Daughter*, in which the two compete to see who gives starlet Timber the best cunnilingus (Kitana won). The filial slut says that, in their case, the sin was in the promotion. "People don't understand that I didn't actually *do* anything with my mom; we just happen to be in the same movie together. Obviously, you don't want someone thinking that you're doing something with your mom—that's disgusting."

Not surprisingly, mothers and daughters who work together in the porn business often have nontraditional parent-child relationships. In most professions, children follow in their parents' footsteps, but in porn, the opposite is often true. "Usually," says Ernest Greene, Executive Editor of HUSTLER'S TABOO, "it's a case where the daughter will come up and say, 'Hey, look at all the money I made today—you wanna get in on this?'"

Martine, a young woman from San Bernardino, California, takes care of her

family—two younger brothers, a younger sister and sometimes even her mother. When she turned 18, she made a couple of adult movies over the course of two months and left the business.

When Martine's mother, Robin, found out that her daughter had been acting in blue movies, she didn't become angry; she asked Martine to go back and bring her along. Martine reluctantly agreed only when she learned that her mother was so desperate for money that she had turned a $40 trick. Martine returned to her porn talent agency, her 36-year-old mother in tow.

Martine may have helped hook Robin up, but she has no interest in working with her. The young porn starlet declined when her talent booker offered her and her mother a simultaneous-blowjob scene, even though her mom seemed open to the job opportunity. Martine, who plans to become a registered nurse, doesn't see herself lasting in the jizz biz. She predicts that her mother will have a much longer career: "I think she likes doing that kind of stuff."

Photographer Marc Medoff has worked

*Lacey and Manx trade licks.*

with a handful of family acts over the past decade, including mother-and-daughter teams Capri and Dusty Cameron; Sabrina and Delilah Dawn; and Dolly Squires and Katie Moon June, as well as identical twins Victoria and Marissa Grimm. While shooting relatives is "a little different," Medoff says that none of the mothers and daughters he shot seemed conflicted about working together. "I don't know if this means that they did this at home or it was no big deal because of their lifestyle," says Medoff.

Medoff characterizes Marissa and Victoria Grimm as "highly intelligent" and "completely cognizant" of what they were doing. Where the other related women he worked with seemed to have no limits beyond those dictated by Medoff, the Grimms established their own rules. Their boundaries may have seemed strange (for example, they would penetrate each other's vaginas with their feet, but not with their fingers), but were based on a simple

**"She said, 'Mom, we shared sucking a dick together. Don't sweat it.'"**

principle: Neither one wanted to do anything that might sexually excite the other.

Of the two, Marissa took to porn more easily than her sister. "When we got to the shoot," she says, "I was like, 'Okay, let me do this and do this well.' Victoria was like, 'Let me do this and get the hell out of here.'"

Despite her discomfort, Victoria says that, in some ways, posing with her sister was easy. "Because we're twins, and because we'd taken so many photos for our band [The Sisters Grimm], we always knew how to pose. We'd do symmetric things, like lean against each other and show whatever they were looking for—the crotch, the butt—it always worked."

Due to her continued weight loss, work began to taper off for Victoria in the summer of 2001. The band broke up soon after. Diagnosed as anorexic and weighing 75 pounds, Victoria currently doesn't work at all. Victoria acknowledges that her present condition may have sprung from a not-so-subconscious act of defiance. "I think it might have been because I never really wanted to do the work," says Victoria.

Currently with child, Marissa continues to work in porn and has found a niche doing pregnancy-fetish videos (a particularly disturbing form of mother-child smut). The knocked-up porn starlet feels that working without her sister is easier because she is not as self-conscious. Still, Marissa doesn't believe the girls' joint foray into porn damaged their relationship. "I don't think I was pushing her into it. Besides, we're so close that anything you bring into our relationship would bring a certain amount of tension as well as a certain amount of happiness."

Besides Extreme Associates, other porn companies are *(continued on page 104)*

## INCEST AT THE MOVIES

**The porn industry may still approach the topic of intrafamilial sexuality warily, but, as is also the case with underage eroticism (see *American Beauty*, *Lolita*), mainstream cinema happily traipses where "smut" fears to tread. Below is a partial list of Hollywood efforts whose characters spunk in their own gene pool, or at least try to.**

**>>*Chinatown* (1974)**
"She's my sister and my daughter!" confesses Evelyn Mulwray (Faye Dunaway) to private investigator J. J. "Jake" Gittes (Jack Nicholson) after he slaps her around a bit. In the film's final scene, a creepy John Huston, who plays the grandfather/father of Mulwray's daughter/sister, snatches his daughter/granddaughter, most likely to produce a daughter/great-granddaughter and keep the cycle of incest going.

**>>*Cat People* (1982)**
In this stylishly shitty Paul Schrader sci-fi remake, Paul Gallier (Malcolm McDowell) pressures sister Irena (Russian beauty Nastassja Kinski) to bone him so he won't turn into a panther—or so he claims.

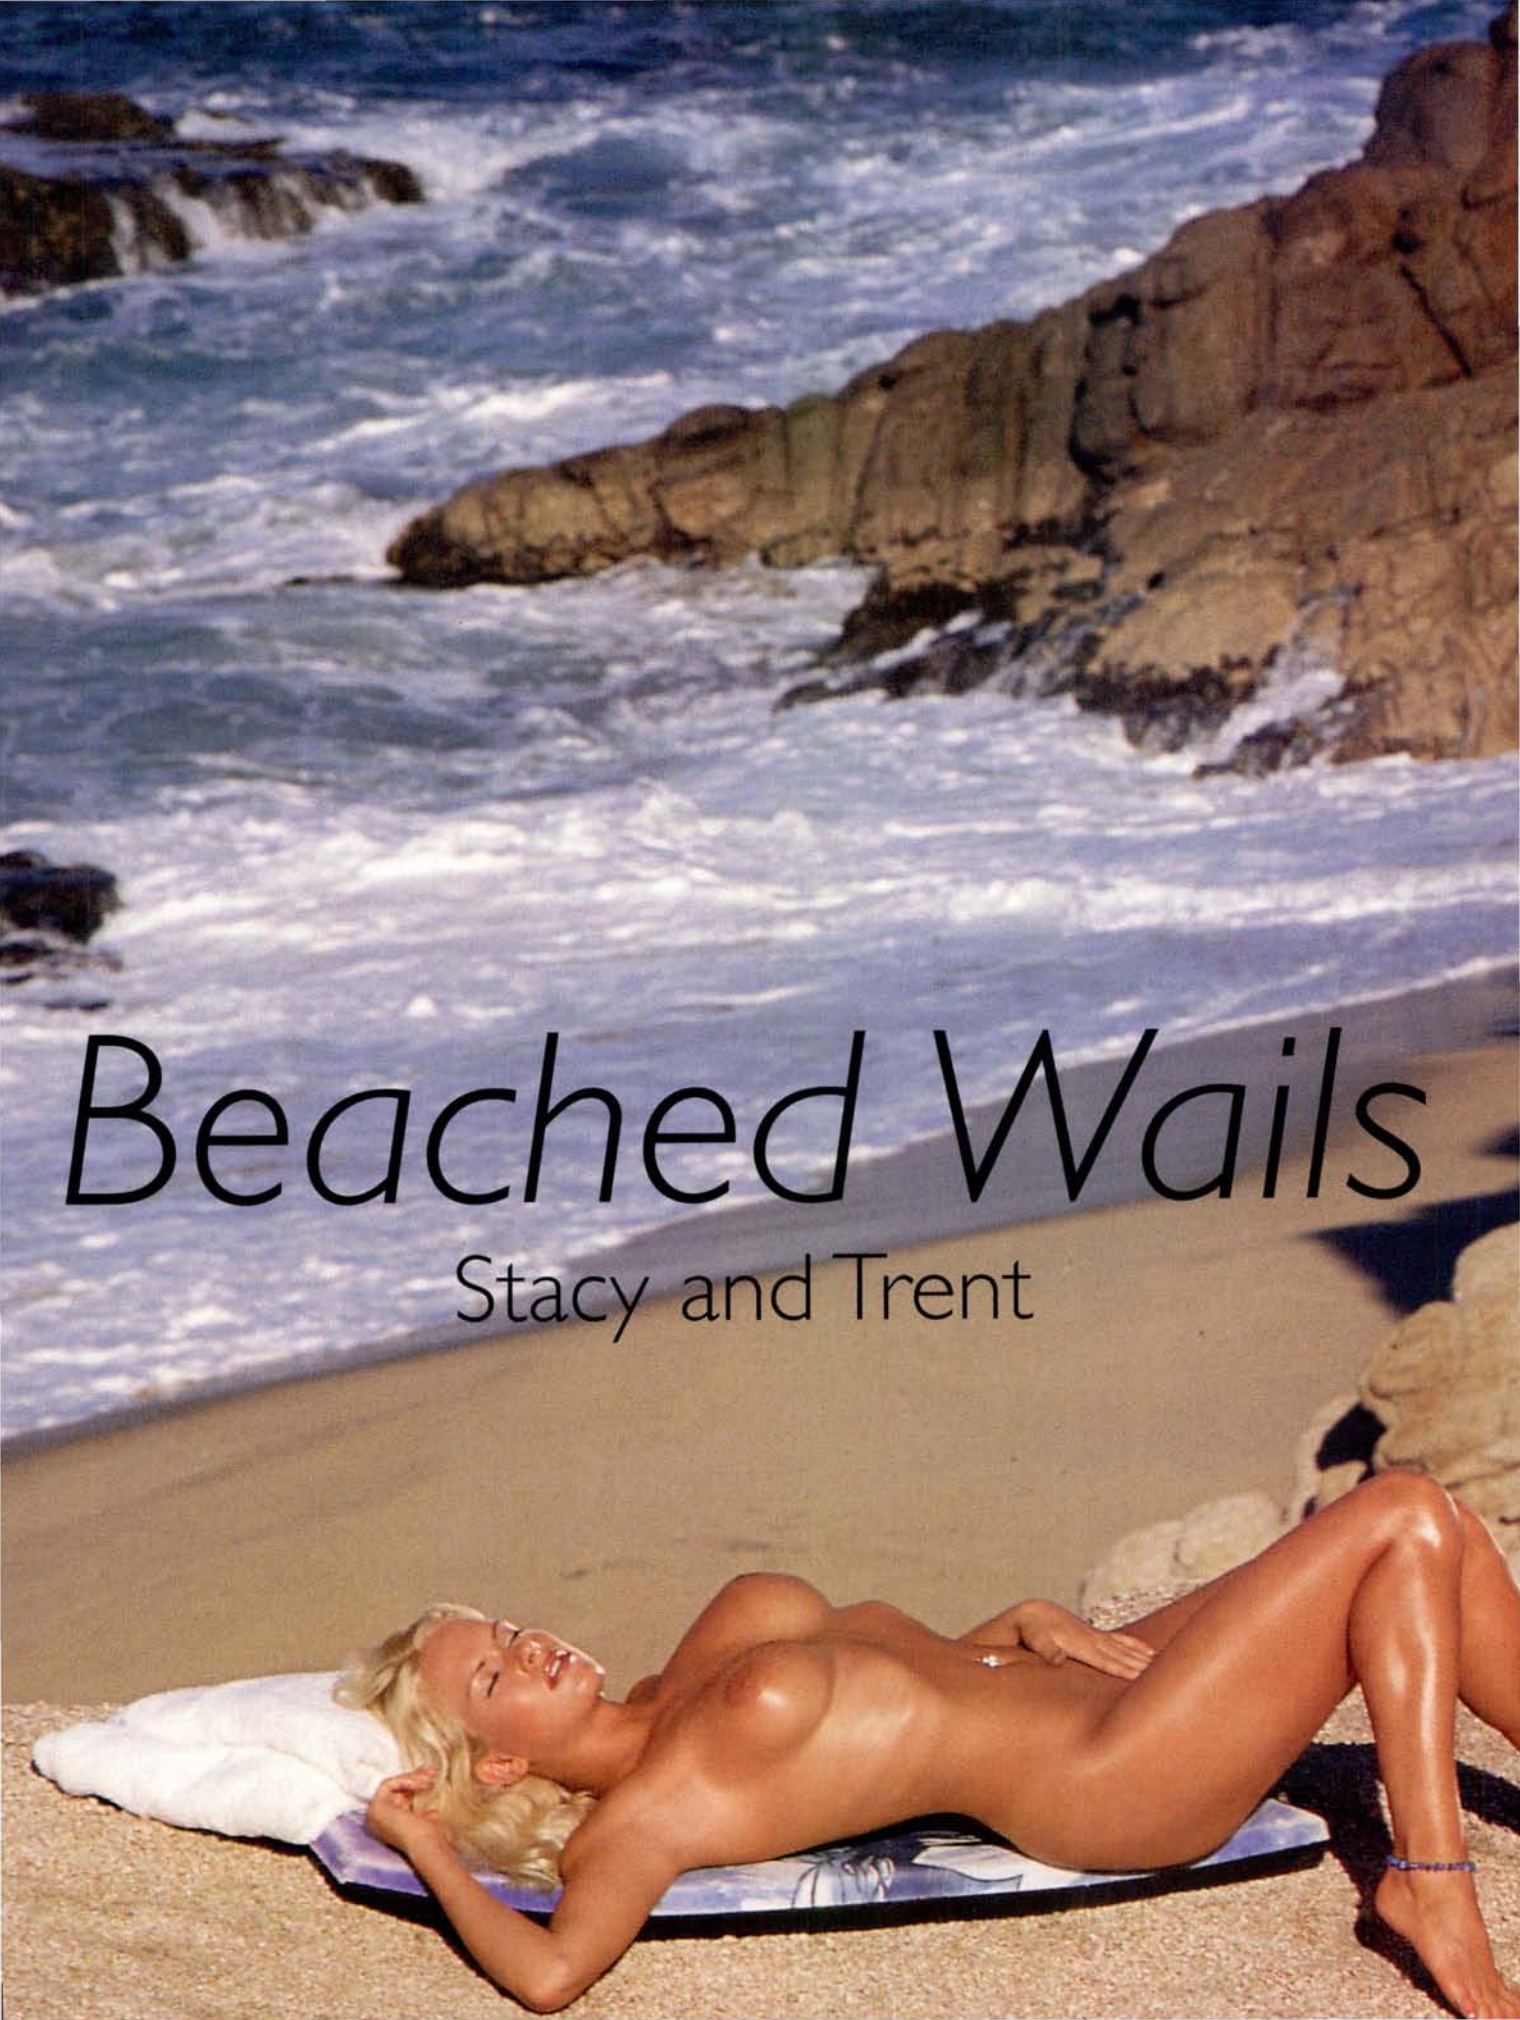
**>>*The Hotel New Hampshire* (1984)**
This big-screen adaptation of the John Irving novel (which also features Kinski—*hmmm....*) finds siblings Frannie (Jodie Foster) and John (ably portrayed by amateur-porn pioneer Rob Lowe) entertaining their lustful feelings for each other.

**>>*Back to the Future* (1985)**
In this PG-rated flick, Marty McFly (Michael J. Fox) travels back in time, only to have his mother (Lea Thompson) paradoxically attempt to fuck him before he was even born. However, to ensure his own existence, Marty instead pimps his mom to his future father, George Douglas McFly (Crispin Glover).

**>>*Spanking the Monkey* (1994)**
When Ray Aibelli (Jeremy Davies), a promising young medical student, must stay home to care for his injured mother (Alberta Watson), the Oedipal fun begins.

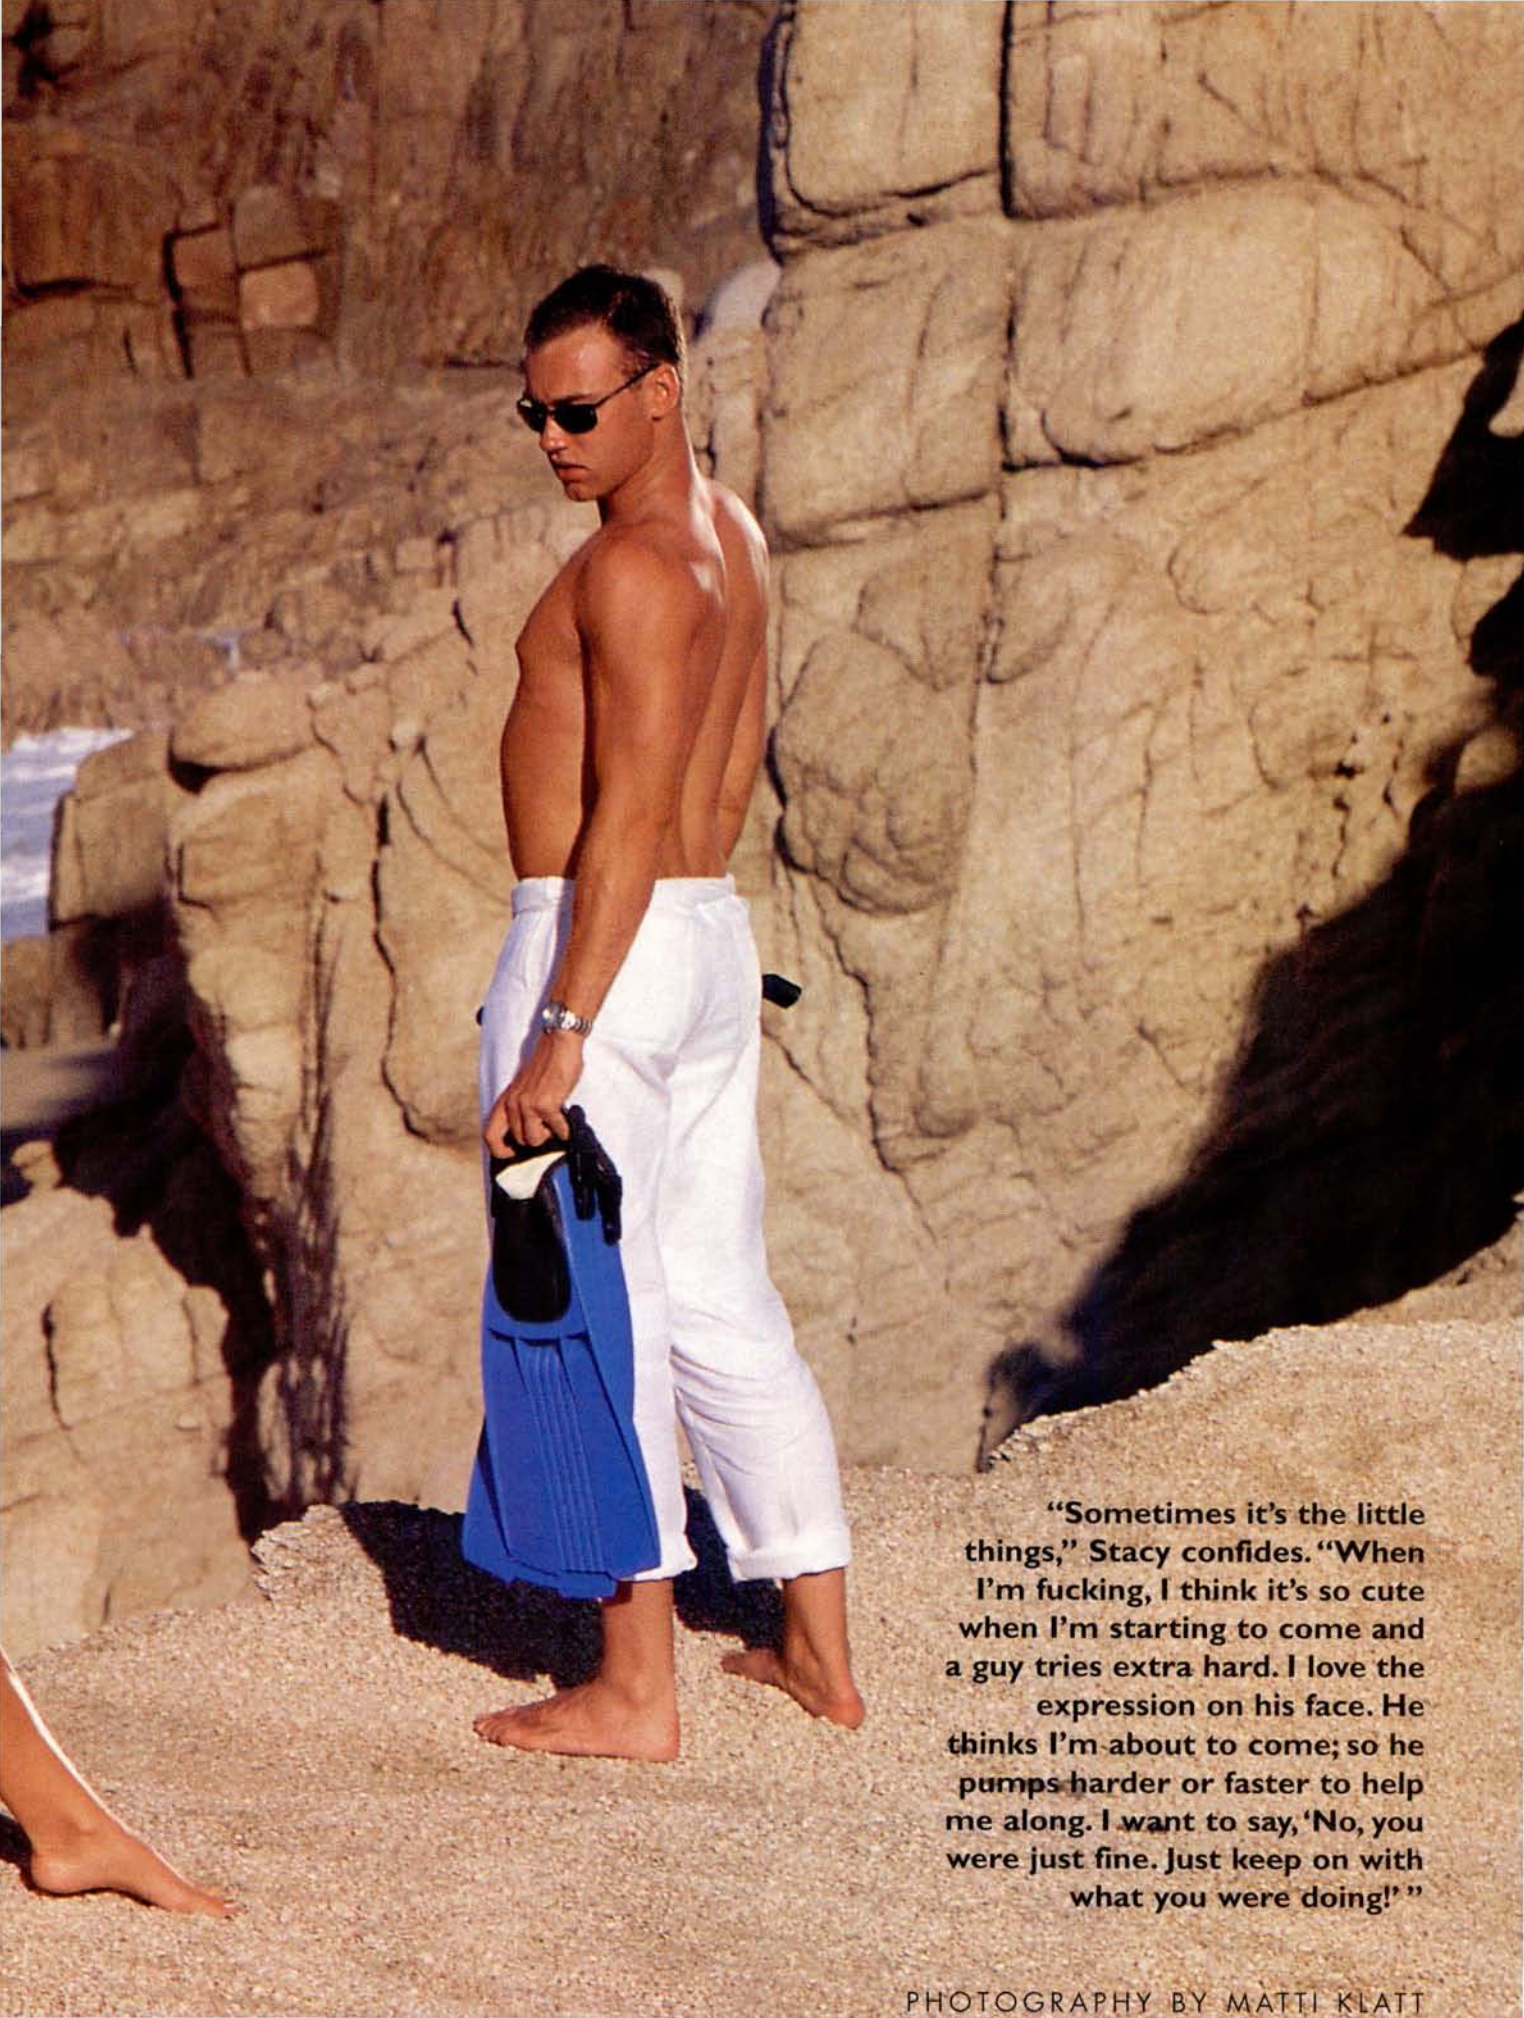
**>>*The House of Yes* (1997)**
Marty (Josh Hamilton) brings home his fiancee (Tori Spelling), but his sister (Parker Posey) becomes extremely jealous. It seems that the siblings, who enjoy reenacting the JFK assassination, are much closer than a brother and sister should be.

**>>Honorable Mention (2000)**
Angelina Jolie celebrates her Oscar for Best Supporting Actress in *Girl, Interrupted* by swapping spit with her brother, James Haven, on national television.



# Beached Wails

## Stacy and Trent



**"Sometimes it's the little things," Stacy confides. "When I'm fucking, I think it's so cute when I'm starting to come and a guy tries extra hard. I love the expression on his face. He thinks I'm about to come; so he pumps harder or faster to help me along. I want to say, 'No, you were just fine. Just keep on with what you were doing!' "**

PHOTOGRAPHY BY MATTI KLATT

**The secret to bringing this beachcomber to climax is in the tides. "I do not dig repetitious fucking. That gets boring. It's got to be fast, then slow, then fast, then slow. Trust me, there's a difference."**

(continued from page 93) entering the world of quasi-incest pornography. Inside a deserted mansion deep in the heart of Encino, California, Metro is filming *Babes Illustrated 12*, which will feature two sets of sisters: Jade Marcela and Nyomi, two petite, Asian siblings born a year apart, and Crystal and Jocelyn Potter, blond, Texan identical twins.

"I feel like I'm already going to hell; I don't need an express ticket," says video director Mike Quasar, who's being careful not to completely break the incest taboo by only letting nonrelated sisters eat each other out. "I'm a little uncomfortable shooting intertwining, related, lesbian genitals."

Jade, who before the filming was fondling Nyomi's ass and tits, and sticking her hands down her sibling's panties, seems disappointed that she won't be performing a sex scene with her younger sister. On camera, the obviously nymphomaniacal Jade decides to take matters into her own hands: While licking one of the Texas twins' twats, Jade grabs her sister's foot and rubs it against her own crotch.

The next day, Jocelyn and Crystal are shooting for HUSTLER Video's *Busty Beauties #3*, which is planned to include an ass-to-mouth scene with porn stud Alex Sanders. Neither twin thinks it's a big deal to put a cock in her mouth after it's been up her sister's rectum. "I know my ass is clean—I get colonics," says Crystal. "I trust [Jocelyn], and I know where she's been." (Ultimately, the twin ATM scene is not to be. Instead, Sanders fucks both sisters in the ass.)

**On camera, Jade grabs her sister's foot and rubs it against her own crotch.**

While (thankfully) not as common as daughter-and-mother or sister-and-sister performers, there is at least one example of a mother and son in the XXX business. Last year, porn veteran Dave Hardman's 71-year-old mother did a handful of scenes for director Jim Powers and Extreme Associates. At the time, "Davina" was living with Dave, who often rented his home out for film shoots. Powers relates that Davina approached him and asked if he ever shot older women. The director said yes, but that Davina would need her son's permission first. "He was kind of pissed off," Powers recalls, "but I guess she needed money for something, and he ended up giving her the okay."

Davina says her son was mainly concerned about her health. "I did have a heart attack three years ago," she explains, "but I came out of it beautifully, and it's completely under control now." The senior Hardman shot two scenes in one day, including an anal, pocketing $1,200 for her troubles.

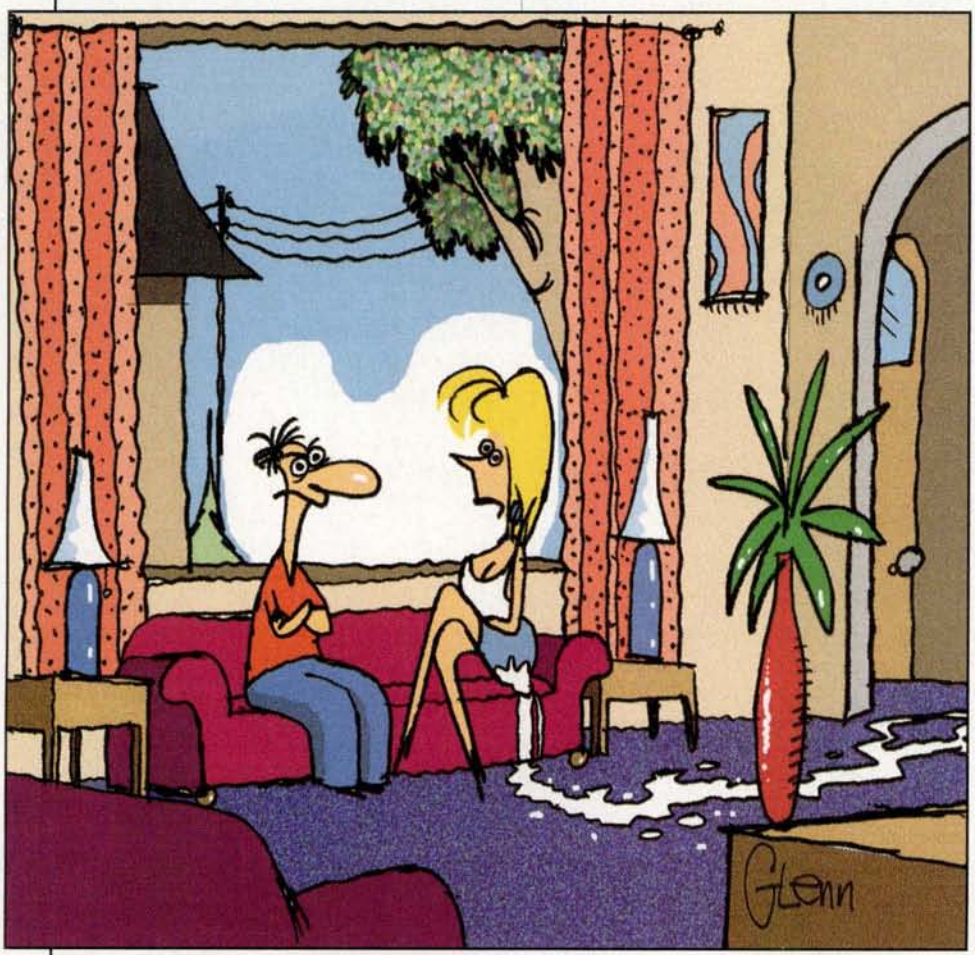
Doing porn boosted the elderly redhead's confidence. "I'm sure they wouldn't just ask any 71-year-old to make a scene unless they felt she was worthy," says the star of Extreme's *Fossil Fuckers Volume One*, in which Dave Hardman also performed, although in a separate scene.

Davina stopped acting in porn videos when her youngest son, Dan, caught wind of her fledgling career on the Internet and promptly disowned her. "He's going to probably hold it against me for the rest of my life," Davina laments. Still, she describes her porn stint as "not really bad." Her only complaint is that once, during a blowjob scene, a director made her take her dentures out and place them in a glass beside her. "That was really humiliating," she notes.

Professing a general disgust for the industry, Dave Hardman recently moved to New Mexico with his girlfriend, vowing never to return. Jim Powers, who lived around the corner from Hardman for years, speculates that the debut of Davina was "the final nail in the coffin."

While seeing one's 71-year-old mother being ass-fucked by a friend and colleague would be enough to send most sons off the deep end, the incest-video trend is likely to continue. As of this writing, Metro is currently in preproduction of *Taboo 21*, in which porn stud Dillion Day, his father, the Potter twins and the Marcela sisters are going to star.

"There is so much product of varying degrees of depravity out there now that people just want to see stuff for shock value," says *Taboo 21* director Mike Quasar. "The whole thing, personally, I find rather offensive, but having no ethics myself, I do what I'm paid to do."



*"Cum leaking from my twat is in no way an indication that I'm cheating on you. I believe you owe me an apology."*

**Videocassette:** Red Light District.

*Fill Her Up*, rife with airtight Euro-slits and internal pop-shots, is made all the more depraved by a nearly insurmountable language barrier. When asked what sex acts she's prepared to perform, foreign twat Valeri responds, "*Um*, 21." Mr. Pete is forced to pat his lap like a master beckoning his pooch in order to convince Charlotta to sit on his prick. Ulma takes multiple pop-shots in the snatch, drains the jizz into a shot glass, then gulps the spermy concoction down before purring, "Thank you for fill me up." Czech slut Lucie, a heavy-lidded, nearly mongoloid-looking hottie, and her friend Jennifer appear dazed as three mooks work them over. After injecting Lucie's box full of splooge, they lift the ginch by the legs and hold her queefing slit over Jennifer. The disgusting concoction fouls Jennifer's face, causing her to gag, jump up and run to the bathroom, cursing in a foreign tongue. *Fill Her Up* overflows with such filth.

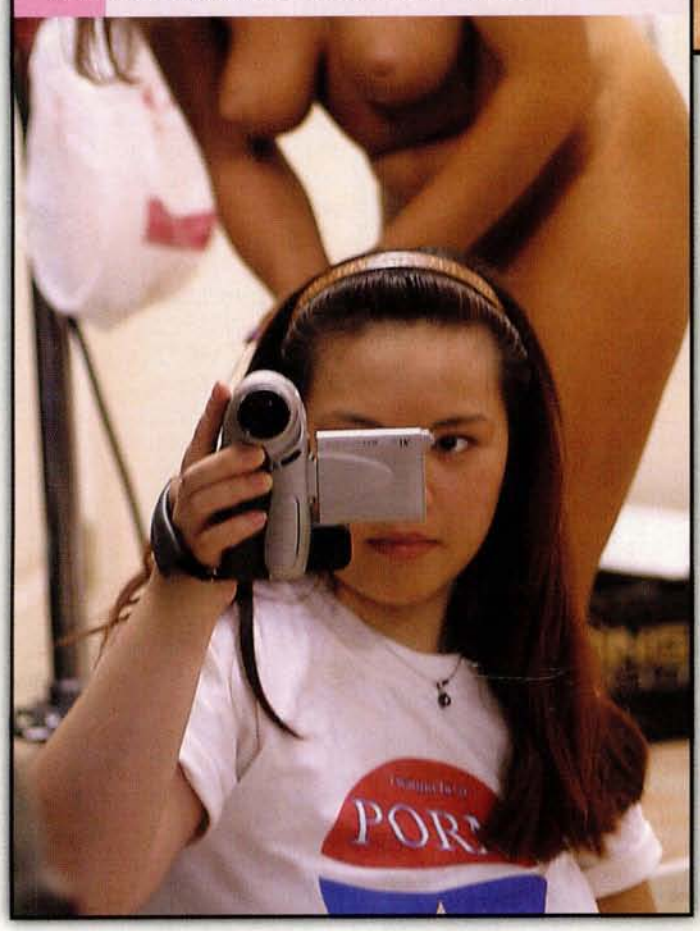
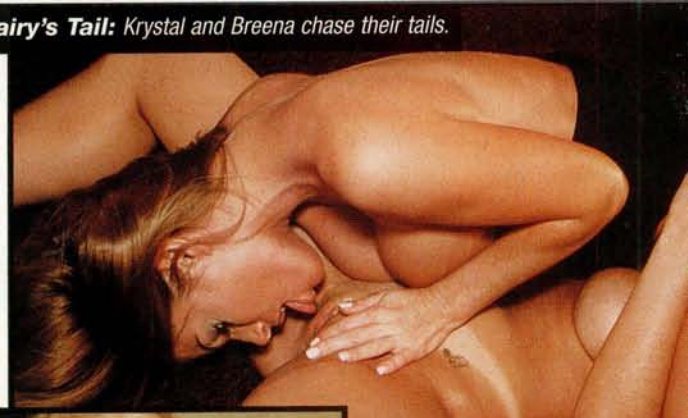
## A QUICKIE WITH CONSTANCE LE

She's young and cute—just the kind of girl one would expect to see on the box cover of a hard-core flick called *Teen Sensations*. But make no mistake; Constance Le is *not* onscreen talent. She's running the show. *Erotic Entertainment* caught up with the young auteur after the completion of her directorial debut.

**HUSTLER:** What are your goals as a pornographer?
***LE:*** I don't really have any aspirations, I'm just doing it to have some fun.
**HUSTLER:** Do women and men like different kinds of porn?
***LE:*** It's actually pretty ironic. A lot of people will tell me that girls prefer the more hard-core stuff, when most people think that it's the opposite. I personally like the more hard-core stuff, too.
**HUSTLER:** You worked in the fashion industry before you became a director. Why do most porn girls dress so goofily?
***LE:*** Sometimes a girl will dress herself, and it will be a little tacky—just porno gear. I try to steer them away from that. I like to see them in more normal, day-to-day clothes.
**HUSTLER:** What was your first day on a porn set like?
***LE:*** The first set I was on was *The Fist, The Whole Fist and Nothing But the Fist* (Elegant Angel). It's a title that's been pulled. There were 14 girls on the set, and they were all fisting each other; so it was a little shocking.
**HUSTLER:** What was your impression of fisting?
***LE:*** I don't think I'd really ever heard of the concept until that day.
**HUSTLER:** Did all that fist-fucking inspire you to make smut?
***LE:*** It wasn't a turn-off or anything. I thought, *This is something I could hang out with more often.* The girls were really cool.

*Teen Sensations* is available on VHS and DVD from DVSX.





**A Fairy's Tail:** *Krystal and Breena chase their tails.*

**Arsenic:** *Sophie prepares to blow her partner away.*

**Romantic Movie?:** *Brittany is coaxed into the water by Dillion.*

**Romantic Movie?:** *Lezley discovers the secret to that fresh, buttery taste.*

**Take Control of My Ass:** *"The pearl necklace makes me classy, no?"*

## Arsenic

**Directed by** Pierre Woodman.
**Starring** Drimla, Suzie, Lucia, Daffny, Zitam Passion, Rebecca, Sevrine, Sophie, Michelle, Philippe Duroc, Alain DeLoin, Sebastian Barrio, Manu, Reda and Kevin Long.
**Videocassette:** HUSTLER Video.

In *Arsenic,* French director Pierre Woodman gathers gorgeous, all-natural Euro-whores for the purpose of being ass-fucked in quaint, indoor European locales. Woodman does better when he shoots his smut in sunny tropical paradises, where the sluts can frolic naked in the open air. Here, a staid murder mystery and endless exposition keep the action dull and housebound. There are a few memorable ruts, including a threesome in the waiting room of a car wash. As is typical of Euro-filth, anal sex is the rule rather than the exception. However, unlike most foreign-language spank videos, which only dub the dialogue, *Arsenic* also dubs the sex scenes, so the groans and grunts are even less convincing than those in a standard porn flick. Sadly, even stunning slits aren't a sufficient antidote to *Arsenic*'s toxic problems.

## A Fairy's Tail

**Directed by** Jim Enright.
**Starring** Gina Lynn, Alex Foxe, Kimi Lixx, Krystal Summers, Breena, Randy Spears, Lee Stone, Steven St. Croix and Travis Knight.
**Videocassette:** Pleasure Productions.

*A Fairy's Tail* takes its title a bit too seriously. The video starts off with a seven-minute stretch of phone-sex ads, two of which are fruity as fuck. One features "hot bisexual fantasies," which translates to gay sex with a chick in the room. The second is a cunt-free trannyfest. HUSTLER has nothing against such commerce, but it's a real bummer when the only anal action on a tape is in the queer come-on before the feature. The flick in question stars a bevy of gorgeous, big-breasted screen whores, but not a single one of them takes a prick in the pooper. Star Gina Lynn, whose character thinks she's some kind of old-timey talking tooth fairy, nails two mooks. Her first coupling in a bathtub is hot, and ends with a nasty blast of splooge on her tongue. Randy Spears shoots a load onto Alex Foxe's clenched sphincters, but that's as anal as *A Fairy's Tail* gets.

## Romantic Movie?

**Directed by** Jerome Tanner.
**Starring** Phoenix Ray, Brittany Skye, Lezley Zen, Melanie Jagger, Ashley Long, Lauren Smith, Steve Holmes, Nikko Night, Frank Bukkwyd, Lee Stone, Dale D'Bone, Dillion Day and Jayce Addams.
**Videocassette:** Legend Video.

*Romantic Movie?* makes no attempt to create "artistic" porn. With a script by Nelson X that's full of jokes even porn stars can pull off, this slaphappy stroke tape features beautiful jizz queens such as Phoenix Ray and Ashley Long looking and fucking like stars. In a crowded restaurant, Phoenix argues over the bill with greaseball Nikko Night. When the two boink in the middle of the eatery, revolted patrons flee, but strokers will linger to watch Phoenix's flawless bod being violated by Nikko's crooked veiner. *Romantic Movie?* uses minimal bullshit to string together the vignettes that make up the feature. The best carnal segment boasts Melanie Jagger taking an awesome ass reaming. As the pervs who tie all the action together, Dale D'Bone and Lezley Zen conclude the tape with an energetic boff that will make *Romantic Movie?* love at first sight for deviants of any stripe.

***—C. T.***

## Take Control of My Ass

**Directed by** Uncredited.
**Starring** a cast of anonymous Eurotrash.
**Videocassette:** Visual Images.

European smut's 15 minutes of fame are officially over. *Take Control of My Ass* is indicative of the generic hard-core that has flooded porn-shop shelves since Buttman took his fabled 1997 trip to Budapest. The flick is a disjointed series of scenes held loosely together by a petite hostess with a flaming-red dye job. The tramp, who slightly resembles American starlet Vivian Valentine, appears between the humping to explain the plot in a thick accent. That this babe never gives up her ass, let alone bares her flesh, is a sore disappointment. The six girls who *do* turn their poopers over do so in a manner we've come to expect from Old World smut. Cocks piston their nether holes intensely. The tramps' brows furrow, their severe faces morphing into manic masks of pain and pleasure. One catches a wad of cum in her gaping ass as another prick continues to pound her cunt. *Take Control of My Ass* is hard, but weak.

**Delusion:** *Susanna Hoffman samples Jan Durlink's pink.*

## Fast Times at Deep Crack High #8

**Directed by** Stoney Curtis.
**Starring** Ember, Flick Shagwell, Sugar Kane, Autumn Haze, Malorie Marx, Melanie Jagger, Ashley Blue, Lee Stone, John West, Sledge Hammer and Aussie.
**Videocassette:** Celestial Productions.

*Fast Times at Deep Crack High #8* sticks to the tried-and-true formula of dressing up young slatterns as cheerleaders, then plundering their shit pipes. Ditsy blonde Sugar Kane shows her gift for gape in a scene with muscle head John West. The pixie, gifted with big, natural chest pillows, squeals with glee every time her shit rings are stretched by man meat. A threesome featuring Autumn Haze, Malorie Marx and Lee Stone also earns strokes of approval, but Ashley Blue stands out as class valedictorian. The tiny brunette repeatedly chirps, "I want to get nasty!" before angrily throat-fucking her lucky swordsman. The sound of Ashley's soft palate being slapped by cock is almost as musical as the ecstatic groans she emits when her dumper is drilled. Who needs stuck-up college bitches when the chicks in *Fast Times at Deep Crack High #8* are so eager to sleaze?

**—C. T.**

## Body Talk

**Directed by** Red Ezra.
**Starring** Chloe Jones, Nikita Denise, Daisy, Lezley Zen, Shyla Stylez, Jesse V., Taylor Rain, Julian, Michael Scorpio, Lee Stone, Tony Tedeschi and Trever Zen.
**Videocassette:** New Sensations.

Chloe Jones, the star of *Body Talk*, is a real looker. The bleach blonde's legs are long, her rack is huge, and her delicate face is punctuated by a full pair of dick-sucking lips. Jones is the ultimate in hard-core eye candy. Unfortunately, her coarse Southern accent negates her appearance. There's nothing wrong with a twang; some of the most beautiful belles are made all the more appealing by the lilt of their voice. Chloe is cursed with a nasally drawl, not unlike Anna Nicole Smith's, that sounds downright ignorant. Someone who says "inneresting" should never be cast in the role of a radio talk-show host, even in porn. When there's a cock in her, such nitpicky criticisms of Chloe seem moot. The babe is stunning, and watching her screw is a pleasure. Only Lezley Zen and Shyla Stylez, as a kinky twosome dominating a lucky prick, outscrew the blonde. *Body Talk*'s starlets speak volumes when they shut up and fuck. **—N. V.**

## Freaks of the Industry #6

**Directed by** Nicky Stark.
**Starring** Monica, Cherry Lee, Ayana Angel, Sheba, Sky, Wesley Pipes, Byron Long and Julian St. Jox.
**Videocassette:** Darkside Entertainment.

Although it boasts a better soundtrack than everyday video filth, *Freaks of the Industry #6* skimps on the action by giving fans of dark meat only four vignettes. Luckily, the fine Nubian goddesses in the cast make up for the meager portion. Eighteen-year-old Ayana Angel coos, "I just want to love everybody," before piling oral adoration on Wesley Pipes's lust muscle. Pipes, who usually never shuts up during his scenes, is so taken with Ayana that he keeps the running commentary to a minimum while he bones her on a pool table. Later, Sheba, a slender fox with caramel skin, huffs down Wesley's well-worn meat. Sheba's heart-shaped booty is marred by odd-looking scars, but when a ho can suck dick with such skill, who cares? The final threesome between Cherry Lee, Sky and Byron Long ensures that viewers who watch *Freaks of the Industry #6* will get their own freak on. **—C. T.**

## Delusion

**Directed by** Axel Braun.
**Starring** Jan Durlink, Susanna Hoffman, Hanna Francis, Chelsea Blue, Carolyn Monroe, George Uhl, Patrixxx, Nazza Mazza, Lorenzo De Medici and Al Bruno.
**Videocassette:** Elegant Angel.

*Delusion*, a slick slice of semisoft Italian smut, glows with the soft-white aura of a light-bulb commercial. Couples writhe against each other, caressing partially clothed flesh. The stylish Wops screw casually to a techno soundtrack. The story in this feature is virtually nonexistent; Carolyn Monroe cruises around Italy in a boxy, blue Euro-sedan. Everywhere she goes, people fuck. The only actual dialogue comes from an aged Italian man who expresses his support for America by presenting his hand-drawn architectural plan to build three new towers at Ground Zero. American skank Chelsea Blue pops in at the tail end of the feature in a turn that at first seems promising. A hair farmer in a bandanna fingers and licks her tight bunghole. Too bad the brief scene begins and ends with a blowjob. *Delusion* fools around with decent hard-core, but never commits.

# Two in the Turd Hole

## SKEETER KERKOVE AND THE ART OF RECTUM WRECKING

Skeeter Kerkove enjoys watching porn whores skirt anal disaster. His taste for dookie-hole derring-do is convenient, since he's married to Brigette Kerkove, a XXX starlet notorious for pushing her cornhole well beyond the manufacturer's specifications. To quench his perverted thirst for aggressive pooper-poking, Skeeter has concocted a new series of colon-punishing gonzo flicks entitled *Anal Excursions*. The sodomycentric producer has enlisted some of the dirtiest babes in the business for his project and persuaded them to stretch the limits of anal action. *Anal Excursions #4* is the first volume in the series—and first porn flick ever for that matter—to include only double-anal scenes. Each and every tramp in the title will take two simultaneous slabs of mook meat in her dirt hole.

But do strokers really want to rub one out to the semiqueer tune of two skin flutes playing a duet in the same bunghole? "This is what I love," Skeeter insists. "There's a lot of guys around the world that love it, too. I want to give this to all the fans." The sentiment is touching, but isn't the sight of one dick plugging an asshole enough? Why add the homo-riffic element of cock-rubbing to the picture? "Double anal's just taboo," Kerkove enthuses. "It's nasty. It's decadent."

In the over-the-top tradition of Roman orgies and *That's Incredible!*, Skeeter recently cooked up a record-setting stunt for his wife, which entailed Brigette cramming 103 chopsticks into her gaping crap chute. After this unconventional application of Asian eating utensils, Kerkove is pursing the obvious follow-up: triple-anal penetration. "I did it last week with Julie Night," Skeeter gloats. "I'm not happy with how it showed up on camera, but I'll never give up until I get it right. As long as the girls like it, I'll shoot it."

*Skeeter Kerkove's Anal Excursions is available from Metro.*

**Big Blow Out:** *Savanna: "This new conditioner makes my hair so soft and silky."*

**Teen Sensations:** *Julia Crow and Maria rock the boat.*

**Big Blow Out:** *Lezley gets that glazed look after fucking.*

**Stop, My Ass is on Fire #8:** *Mandy, lost in thought.*

## Stop, My Ass Is On Fire #8

**Directed by** Quasarman.
**Starring** Friday, Ryan Conner, Rossana De La Vega, Mandy Roberts, Kiki Daire, Brian Surewood, Mr. Pete, Mark Woods and Jay Ashley.
**Videocassette:** Toxxxic Entertainment.

*Stop, My Ass is on Fire #8* presents five exemplary rectal routings for connoisseurs of what the French refer to as *le play d'ass*. Ryan Conner starts the party by flaunting her remarkably bulbous buttocks. Armed with (or backed by) a tochas that screams to be reamed, Ryan takes on Mr. Pete with anal aplomb. Ryan's sweet face and voluptuous curves make even the nastiest act look like art. Roly-poly video whore Friday is so amiable that, even when Mark Woods's penis threatens to rupture her anus, it's impossible not to enjoy her so-so session of sodomy. Unfortunately, Latina Rossana De La Vega looks lost when Brian Surewood bones her butthole. Rossana's on-camera stiffness is sure to cause at-home limpness. This exception aside, the butt-loving babes in *Stop, My Ass is on Fire #8* keep loin pyres burning.

—C. T.

## Big Blow Out

**Directed by** Tommy Ganz.
**Starring** Savanna Samson, Kody, Lezley Zen, Mary Carey, Temptation, Steven St. Croix, Mickey G., Dale D'Bone and Frank Bukkwyd.
**Videocassette:** Vivid Video.

*Big Blow Out* stars Savanna Samson, a Scores girl and *Howard Stern Show* regular. The lusty, 28-year-old Vivid contract girl is a bit older than most of her co-workers, but is still up to the task of getting drilled on camera. Samson and Mary Carey take on Dale D'Bone on a filthy porn-set couch. D'Bone jams his rubber-wrapped prick into the hoofer's hooch and bangs before leaving a spermy tip on her chin. Later, Savanna jumps Steven St. Croix, then admits his meat mast into her ass. Kody, who worked as Desert Rose before her days with the XXX behemoth Vivid, appears in a later lesbo scene with the busty Temptation. Sadly, the babe now has a pair of store-bought tits strapped to her slender frame. It's hard to enjoy a good spank when the cloud of unnecessary surgery looms over the action. Thanks to that bummer, *Big Blow Out* blows it.

—N. V.

## Teen Sensations

**Directed by** Constance Le.
**Starring** Phoenix Ray, Aurora Snow, Maria, Julia De Brava, Sandy, Suzie, Marie, Julia Crow, Charlotte, Pat Myne, Johnny Slovak, Dennis Marti, Joel Lawrence, Vito and K-K.
**Videocassette:** DVSX.

*Teen Sensations* gives deviants extra bang for their porn dollar with six scenes of legal-teen depravity. Casting European unknowns alongside popular sperm gurglers such as Aurora Snow and Phoenix Ray, the vignettes provide a healthy variety of young cunt. A memorable outdoor five-way on the grounds of a crumbling castle boasts a trio of attractive blond Euro-girls who are splattered with ball grease by a couple of trashy foreign mooks. Although ubiquitous in video sleaze, Aurora Snow's love of cock never seems to flag. Patriotic American perverts will enjoy watching Aurora hoover Pat Myne's choad before her holes are stuffed full of pole. Newcomer Marie takes a decent roll in the hay with Joel Lawrence, but her mangled tit job, coupled with even worse tattoos, will leave viewers of *Teen Sensations* feeling numb.

**EXTENDOR** Maximizes the size of your penis naturally without any risky surgery, weights, or messy pumps and lubes.

The average male sex organ is 5 to 6 inches long. With Extendor you can Maximize the size of your penis.

The breakthrough came when scientists learned that certain herbs potentially increase blood flow to the internal chambers of the penis.

- ACHIEVE BIGGER HARDER ERECTIONS
- MAXIMIZE YOUR PENIS
- INCREASE YOUR SEXUAL PLEASURE

The size of the erect penis is dependent upon the blood flow to the 3 erectile chambers. A fully blood engorged penis will achieve its Maximum potential size.

Therefore, many alternative medical physicians suggest that with proper supplementation of specific nutrients, you can increase the blood flow to the erectile chambers to achieve Bigger, Harder Erections and Maximize your penile potential.

Most women agree that sex with a man with a Bigger, Harder Erection is extremely more pleasurable. Imagine the look on your partner's face when they see your NEW penis.

- MONEY BACK GUARANTEE -

We are so confident that you will be completely satisfied with Extendor, that we offer a no risk, 30 day money back guarantee. If you are unsatisfied for any reason, simply return the empty bottle for a full refund - NO HASSLE.

*"Extendor made my penis bigger and harder than its ever been!"*
*-Eric D. Moss, Baker Exec.*

**"I beat her ass as hard as I could without rattling her teeth as she gobbled my prick."**

# Sister-In-Lay

***My brother's wife, Deanna, teaches English as a Second Language part-time for the county's Vietnamese and Mexicans. She's a petite blonde in her early twenties, with a rack so big, she would put a 12-point buck to shame. I'm on disability for a back injury; so I baby-sit her three-year-old until 2 p.m. on Mondays, Wednesdays and Thursdays.***

Last week, Deanna came home looking damn outstanding. The fact that she was showing cleavage that was longer than her hand made me ache to fling her on the carpet and slip as much dick into her small body as it would accommodate.

I thought of those damned immigrants, trying to scrape together enough of the language to work at a store or a plant. What does the county do for them? Stick them in a classroom with Deanna's big, American distractions. They probably like blondes even more than I do. No wonder the foreign-born clerks up here in the North Woods can't make change; they've been ogling their ESL teacher.

"I'm not wearing a name tag," Deanna chided. Apparently, I'd been staring at her milk mounds. My sister-in-law stroked my cheek—I'd gone a week without shaving. "I wish Marty would grow a beard," she sighed, letting her hand linger.

Her kid was outside somewhere; so, even though I knew it was wrong, I grabbed Deanna's mitt and drew her down onto the sofa with me. At first, my sister-in-law protested. When she saw the size of the bulge she'd created in my jeans, she relented so completely that I momentarily felt sorry for my brother.

"Be quick," the disloyal bitch grinned, running her hands greedily over my twitching tent pole. I laid Deanna across my lap—I could almost fit my hands around the small girl's waist—and undressed her, pulling her jacket off one sleeve at a time. Her shifting melons made it difficult to unbutton my relative's blouse; so I gave up and jammed my fingers under the fabric. Her bra unclasped in the front, the slut. Yanking Deanna's shirt open, I fondled her pale chest pillows and tugged on her blushing nerps, which were as big as cherries and almost as red.

The traitorous blonde arched her back over my boner and gurgled like a baby when I plunged one paw under the waistband of her skirt. Here and there, a pube poked through her pantyhose. The slippery nylon moistened over her spongy love pit. I jammed my middle finger through the fabric into her slickened twat.

Deanna bucked against my knuckles. Denying her, I withdrew my digit, flipped her over and yanked down her skirt. My sister-in-law had the sense to unzip my fly and tit-fuck my cock while I caressed her nylon-covered hams. Her cool boob flesh only made my dong harder.

Suddenly inspired, I spanked her. The blond slut shrieked in pleasure; so I beat her ass as hard as I could without rattling her teeth as she gobbled my prick. After a good few minutes, I tossed her over the the sofa and thrust my dick into the hole I'd torn in her pantyhose. Her cunt was as slick as a TV preacher's fund-raising pitch. Pounding her slit doggy-style, it didn't take long to make her come.

As it turns out, Deanna's a squealer; she went off like a car alarm. As my sister-in-law's soggy nether lips clamped tightly around my boner and shuddering spasms racked her body, she made noises like a stuck pig on Karaoke night. My feeling toward my brother changed from pity to envy; a girl who carries on that much in the sack is worth a little infidelity.

As Deanna's inner fireworks died down, a sizzling wad surged out of my cock. I withdrew, strafing jizz onto her quivering ass. Grabbing her, I held her compact rump against my balls until they emptied, then massaged my man milk into her pantyhosed butt cheeks.

I lay on the sofa, stroking her flushed titties, for another half hour, which gave us plenty of time to clean up, find the kid and fix dinner for my brother. He's a lucky man, but on Monday, Wednesday and Thursday afternoons, so am I.

# DOCTOR DISCOVERS PILL TO ENLARGE YOUR PENIS!

## PRO+PLUS PILLS WILL WORK FOR YOU!
## WE OFFER A 100% MONEY BACK GUARANTEE!!

No Pumps, Exercises or Prescription!
Doctor Approved Pill Will Enlarge Your Penis up to 4 Inches!

"This pill really works. I am now a harder 9 inches, which makes me feel good about myself. Besides wanting to be bigger, I always got soft to soon. Now that doesn't happen anymore. I'm hard like a rock from start to finish. I don't stop until she says 'you are terrific' and cums right along with me." -JS, Ohio

## You Will Have These Penis Gains In A Few Weeks!

Just imagine when your sex partner sees how thick and long and hard you are. How about when men will gasp with envy the first time they see the new you in a locker room, shower or gym. Your larger penis will give you the confidence to meet the challenge of any woman. Penetrate deeper and see just how much greater satisfaction your sex partner will have. You will feel in total command because now any possibility of going soft, and premature ejaculation will be eliminated with your new rock hard much larger penis.

### HOW DOES PRO+PLUS PILLS ENLARGE YOUR PENIS?

The corpa cavernosa are the two spongy bodies of erectile tissue on either side of the penis. An erection is caused by blood filling the erectile tissues. But what if the erectile tissues were made larger? What if you could somehow expand the size of the erectile tissues? Then of course the erectile tissues would hold more blood and you would have a significantly larger penis. Blow up a balloon with more air and you have a larger balloon. Fill the erectile tissues with more blood and you have a larger penis. Without any effort on you part, without any exercising, pumping or stretching, PRO+PLUS PILLS will expand the erectile tissues longer and wider and fill the erectile tissues with a larger supply of blood so that your penis will gain up to 4 inches in what has been described as a miracle. **You can make that miracle happen.** You can have the penis size you always dreamed of with the PRO+PLUS PILL and we GUARANTEE IT!

### IS YOUR PENIS SIZE AVERAGE?

You probably have heard or read somewhere the average penis size is about 6 inches. If your penis is 6 inches and you want to be average then don't read any further. But if your not satisfied with an average or less then average size penis, the PRO+PLUS PILLS will help you grow up to 4 inches and it is perfectly safe and it is your secret because you can take the PRO+PLUS PILLS without anyone knowing that you are taking it.

### HOW LONG WILL IT TAKE TO ENLARGE YOUR PENIS?

In a couple of weeks the most noticeable change will be the width of your penis and longer lasting erections. Then after a month or two you will see a change in the length of your penis and again you will notice a thicker and wider penis. As you stand in front of a mirror you will be amazed even without an erection how your penis wil 'hang' longer and thicker. After the third month when you have an erection you will see a very noticeable change. Not just in size but your penis will look firmer, stronger then you ever dreamed possible. **No pill sold anywhere can give you the maximum potential you want in two months.** Why settle for less when you can have much more. You need **three to four months** to grow to your maximum potential and we offer special prices for a three or four months supply with a **100% MONEY BACK GUARANTEE AND FREE OFFER!**

### WHAT EXACTLY IS THE PRO+PLUS PILLS?

Discovered by Dr. Dmitri Zorken and his research team PRO+PLUS PILLS is a powerful natural herbal penis enlargement formula that increases penis size, stronger erections and maintains your sexual virility. Combining the formulations of the type of herbs found in many parts of the world that can enlarge the penis erectile tissues. We also included some of the same type of herbs found in Polynesia where the men of the Mangaian tribe have sex on the average of 3 times a night, every night. While this is not what you may wish, it is nice to know your sexual performance can improve substantially.

### HOW BIG IS BIG AND HOW MUCH DO YOU NEED TO SATISFY YOUR PARTNER?

Consider the difference between a 7, 8 or 9 inch penis that is thicker and a penis that is 4 to 6 inches and narrower. With a larger penis you penetrate more sensitive areas of the woman. Your longer penis probes deeper searching those special nerve endings. The added width to your penis fills and presses her from side to side to give your partner the most exhilarating sensations. **It is possible for you to reach the most sensitive area of all, a woman's G-spot.** These sensations will produce for a woman the ultimate multiple orgasms. At the same time because you are reaching a woman's most sensitive areas with your larger penis you will receive more pleasure to your sensitive nerve endings. Just knowing you are giving your partner this pleasurable experience will certainly give you the added confidence of being a better lover.

### WHAT WILL THE PRO+PLUS PILLS DO FOR ME?

- A longer, thicker penis. Penis Enlargement up to 4 inches or more
- A longer, thicker penis even when you are not hard. Because there is more blood flow to the penis, your penis 'hangs' larger all day.
- You will have bigger, harder erections. Because of increased blood flow your erections grow harder.
- Erections when you want them. Rock hard erections every time. No more problems because you can't get it up and keep it up. PRO+PLUS PILLS will keep the blood flowing to your penis so you will always get hard and stay hard.
- Stronger and more intense orgasms
- Stop premature ejaculations
- Safely enhance the size of your penis.

### WILL THE PENIS ENLARGEMENT BE PERMANENT?

Yes it is and you control the growth because once you reach your optimum size you could stop taking PRO+PLUS PILLS for Penis Enlargement. We say you could stop taking the PRO+PLUS PILLS because it is not necessary to be larger then 9 or 10 inches. Most women can only comfortably accommodate a 9 or 10 inch penis. Anything larger then that may be too large for most woman. Nine inches or more than 9 inches, the choice is yours.

### DUAL ACTION EXCLUSIVE FEATURES!

***Penis Enlargement and Continued Sexual Health!***

Take PRO+PILLS first for Penis Enlargement to reach your optimum size. After that continue taking only one PRO+PILL daily to improve your sexual health, feel younger, increase sexual desire, gain more stamina and greater sexual pleasure. You can also take 2 PRO+PLUS PILLS before sex for the strongest, hardest erection you will ever have.

### OUR OTHER SCIENTIFIC MIRACLE PILL!

PEARL+PLUS PILLS are guaranteed to sexually stimulate women of all ages. For increased blood flow, sexual enjoyment and intensify orgasms. Sexual sensitivity is produced by blood flow into the clitoris, labia and vagina. Only $60.00 or FREE WITH ANY ORDER OF 3 OR MORE BOTTLES OF PRO+PLUS PILLS.

### Order PRO+PLUS PILLS now.

Only $60 for one bottle or 1 months supply. $120 for 3 bottles or 3 months supply. **FREE!** Order 3 bottles or more and choose 1 FREE bottle of Pro+Plus Pills or choose 1 FREE bottle of Pearl+Plus Pills. Many of our customers continue taking Pro+Plus Pills to maintain good health and rock hard erections. Add $40 for extra bottles. Any future orders are $40 for each bottle. We never automatically ship more bottles to you and bill your credit card unless you re-order.

### OUR 100% MONEY BACK GUARANTEE

If for any reason you are not completely satisfied return the bottle(s) within 2 months and receive a full 100% refund including shipping. Why do we make this incredible guarantee? Because every thing we say here is true and we know you will be satisfied with PRO+PLUS PILLS.

**IMPORTANT:** Because of the success of PRO+PLUS PILLS there are many imitations. If you do not see a **100% MONEY BACK GUARANTEE** then you **DO NOT** have a money back guarantee. We Offer a **100% MONEY BACK GUARANTEE.** Do you trust buying penis enlargement pills from a pharmacy or drugstore or from our research company PLUS MEDICAL an International Company in business for over 30 years.

*Why Didn't Anyone Think Of This Before?*

# Doctor's Sex-Boosting Skin Patch Offers Dramatically More Sex, More Often... Whether You're 18 or 80!

**A MEDICAL DOCTOR'S AMAZING NEW VIRILITY PATCH GIVES YOU MAXIMUM PERFORMANCE, STAMINA, AND GROWTH ANYTIME, ANYPLACE – *EVEN WHILE YOU SLEEP!***

## WHAT YOUR LOVER SECRETLY SAYS BEHIND YOUR BACK!

According to a recent national survey, 87% of women asked if they were satisfied with their lover's performance answered with a resounding *"No."* The most common reasons given were their male lovers' inability to bring them to climax due to lack of stamina, arousal, and erectile size. But now an amazing, new, doctor-endorsed virility patch quickly and effortlessly turns a woman's disappointed *"No"* into a euphoric *"Yes, yes, YES!!"*

V-PATCH *(virility patch)* is a powerful new male virility technology that took a top team of scientists almost ten years to develop. V-PATCH is NOT a prescription drug; it is not a pill or powder; it is not a creme, lotion, or spray. V-PATCH is the first male potency herbal formula that utilizes a state-of-the-art delivery system.

You've read about the effectiveness of dermal patch technology in such respected publications as *Time, Newsweek,* and *The New York Times* helping people to stop smoking, lose weight, and now even for birth control. However, V-PATCH is the first high-tech patch designed to dramatically increase male potency and improve sexual performance. V-PATCH is so advanced that it's light years beyond any other botanical sexual enhancement product on the market today. No sexual potency supplement works faster, is more effective, or is easier to use than V-PATCH. But there's more... much more!

### MORE DESIRE! MORE SEX! MORE OFTEN!

What exactly will V-PATCH do for you? V-PATCH will supercharge your sexual battery fast and effortlessly 24/7. Your libido, energy level, and sexual performance will soar. Your erections will be bigger, harder, thicker, and you'll satisfy your lover like never before.

In fact, acclaimed urologist Albert O'Conner, MD, enthusiastically recommends V-PATCH to his male patients as the safest, most effective, 100% natural way to achieve maximum erectile growth quickly and easily. And that's just the beginning of Dr. O'Conner's praise for V-PATCH. Dr. O'Conner believes "V-PATCH's proprietary patch delivery system is arguably *the single greatest scientific breakthrough* ever for increasing male desire, stamina, and performance effortlessly anytime, anyplace!"

### V-PATCH'S TECHNOLOGY IS EASY, FAST, AND EFFORTLESS!

*Here's how it works:* V-PATCH is a small, super concentrated dermal patch that you place discreetly on your body as directed. Once V-PATCH is in place, you can relax... your part is done. ## POWER PRODUCTS FOR MEN AND WOMEN

***Sex Appeal In A Bottle!***

### UNIVERSITY STUDY PROVES CONCLUSIVELY PHEROMONE ADDITIVE ATTRACTS OPPOSITE SEX!

**Nature's Only Aphrodisiac**

Pheromones are odorless chemicals naturally secreted by the body that increase sexual attractiveness through the sense of smell. Scientists believe the greater the pheromone secretion, the greater the sexual attraction. The problem: many people wash away most of their natural pheromones when they bathe. The solution: Attractant 1000+, a powerful, synthetic, unscented pheromone concentrate scientifically designed to attract the opposite sex. But does it really work?

The scientific evidence is now conclusive. Adding synthetic human pheromones to your cologne has been proven to dramatically increase sex appeal and attract more lovers effortlessly. As reported in the September 2002 issue of *Prevention* magazine, a recent study at San Francisco State University proves that after only two months, a remarkable 74% of those using a synthetic pheromone-laced scent reported a significant increase in dates, kissing, heavy petting, physical affection, and, *yes, more sex!*

**World's #1 Pheromone Concentrate Goes Gold**

Introducing the new, improved **Attractant 1000+ Gold Label** formula. Be warned: just a few drops of **Attractant 1000+'s** extra-strength, unscented formula is up to one thousand times more powerful than normal pheromone secretion. Easy, fast, and discreet, **Attractant 1000+** adds instant sex appeal to aftershaves, colognes, or even when worn by itself.

**Become A Powerful Sex Magnet**

Conduct your own intimate, scientific study on the sex power of pheromones. Order new, extra-strength **Attractant 1000+ Gold Label** today. Remember, it's biology and chemistry. The most beautiful and desirable women are powerless to resist the seductive lure of **Attractant 1000+.**

**STUDY PROVES PHEROMONE USERS GET:** *More Dates • More Kisses • More Affection • More Sex*

### ACTIVATOR *Passion-Stimulation Creme*

**DOCTOR'S ORGASMIC BREAKTHROUGH**

*ACTIVATE HER deepest desire and passion so she's always ready and eager* for steamy, intimate bedroom action. Just a couple drops of **Activator's** proven formula can help propel her into overwhelming orgasmic bliss. With **Activator** you'll satisfy her over and over like she has never been satisfied before.

**SHE'LL BEG YOU FOR MORE**

The secret of **Activator** is yours and yours alone. It's your decision whether to share this passion-stimulation formula with her or allow her to experience its orgasmic power only when you're with her.

Either way, **Activator** puts you firmly in the driver's seat: she'll want you; she'll wait for you; and she'll think about you. With **Activator** you're in complete control of her passion, her desire, her ultimate pleasure and satisfaction. But remember **Activator** can ignite her deepest and strongest carnal instincts and *unleash raw female animal passion* that you might not be ready for... so use **Activator** with caution and respect.

**THE ACTIVATOR GENIUS**

Dr. Chris Pachex, MD, Board Certified OB/GYN, discovered the amazing stimulating benefits of **Activator's** proprietary formula in his quest to help his many female patients who failed to achieve orgasm during sex. By using only a small amount of **Activator** creme, many of these once unresponsive women began to experience not just one, but multiple orgasms.

*To stimulate and enhance female sexual pleasure*

# Real COLLEGE GIRLS

A fox whose interests lean toward the liberal arts, 22-year-old **Vivian** digs "art, writing, nude modeling, cars and costume design." Although her pursuits may be a tad artsy-fartsy, any HUSTLER reader can appreciate this St. Mary's City, Maryland, stunner's fantasy: "To have sex in a 1969 Mustang Mach 1."

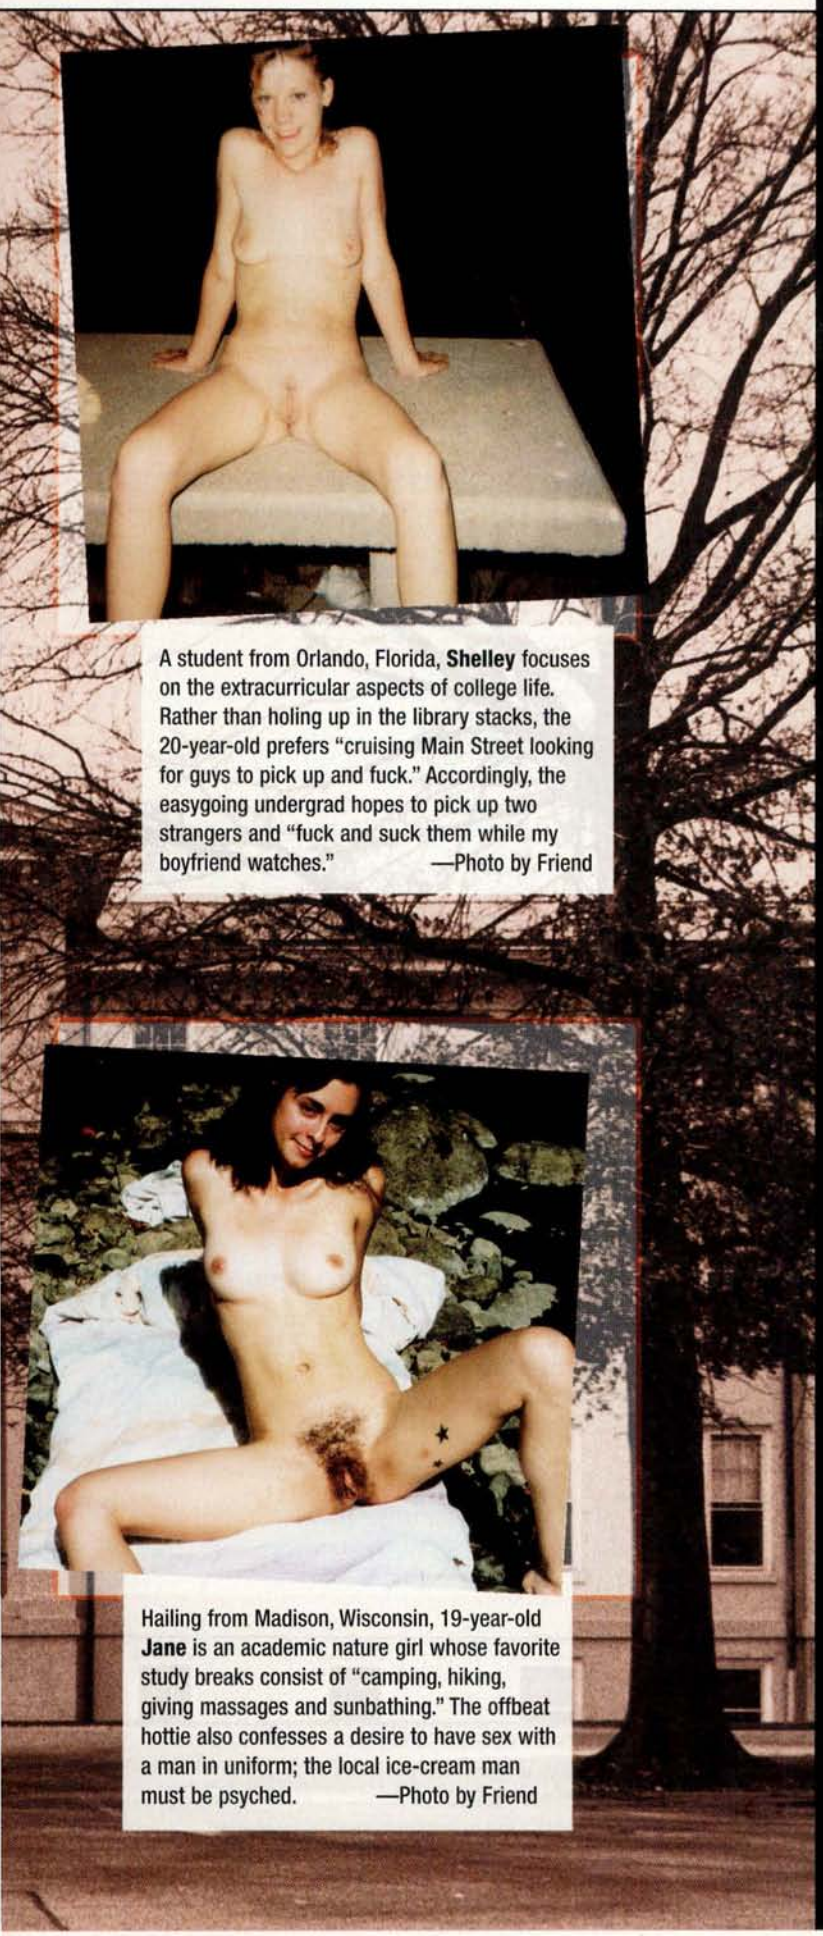
—Photo by Friend

**Lena**, the foreign-exchange coed of our dreams, is a 23-year-old medical student from Denmark. The hot young healer lists her hobbies as "horse riding, dancing, my husband and modeling." Someday, Lena would like "to be tied to a tree on top of a mountain in the forest while my husband makes love to me."

—Photo by Husband

With a head for business and a body for sin, **Silk**, 30, is an exotic dancer and junior accounting major in college. The Columbus, Georgia, resident characterizes her libidinal wishes as "bisexual female dreams of having a *ménage a trois* in the rain."

—Photo by Friend



A student from Orlando, Florida, **Shelley** focuses on the extracurricular aspects of college life. Rather than holing up in the library stacks, the 20-year-old prefers "cruising Main Street looking for guys to pick up and fuck." Accordingly, the easygoing undergrad hopes to pick up two strangers and "fuck and suck them while my boyfriend watches." —Photo by Friend

Hailing from Madison, Wisconsin, 19-year-old **Jane** is an academic nature girl whose favorite study breaks consist of "camping, hiking, giving massages and sunbathing." The offbeat hottie also confesses a desire to have sex with a man in uniform; the local ice-cream man must be psyched. —Photo by Friend

# AMATEUR PHOTO/VIDEO CONTESTS

# $5,000 IS UP FOR GRABS

Guys, we need you to be HUSTLER's campus point men in our ongoing search for new, untapped Beavers. Do you know gorgeous college students who are over 18 years of age? We're looking for readers to recruit babes for the *Real College Girls* division of *Beaver Hunt*. The process is easy; just snap a couple of clear, sexy—the more explicit the better—photographs (digital shots are cool too, as long as they're high resolution and printed on photo-quality paper). Send them to *Real College Girls*, 8484 Wilshire Boulevard, Suite 900, Beverly Hills, CA 90211. Every female whose picture sees print will receive a $250 honorarium, as well as a slot in HUSTLER's 2003 *Beaver Hunt* competition and a chance to be in a HUSTLER video. Finalists score $1,500 each, and the Grand Prize winner will appear in a HUSTLER photo-feature and earn $5,000. The photographer of the Grand Prize winner scores $500, and the Finalists' photographers earn $250. All photographers of models appearing in *Real College Girls* receive a one-year subscription to HUSTLER. Ask the girls to fill out the model release below, and include copies of two legal forms of ID and a current college ID. The model's photo, date of birth and signature must appear on the IDs (not necessarily all on the same one). All photos become the unreturnable property of L.F.P., Inc. No essays are required, but if your model can come up with something sexy, tell her to knock herself out.

## MODEL RELEASE/ENTRY FORM

To enter *Real College Girls* or *Video College Girls* you must be 18 years of age or older, and you must fill out and send this release and copies of two forms of ID, one with photo (i.e., driver's license, passport or photo ID issued by state). Second ID can be a birth certificate, Social Security card, credit card, marriage certificate or immigration card. One ID must include your date of birth, and one must include your signature. Send photocopies, not originals. Send two or more sharply focused color prints or slides. Send videotapes in VHS format. Showing pink is optional at entry stage. All photos and videos become the unreturnable property of L.F.P., Inc., which buys all rights in perpetuity to photos and videos we purchase. Win $250 if we publish your photo, or $500 if we choose your video, and win the chance to be in an extended pictorial or feature video worth $5,000. Send photos, videos, IDs and release to *Real College Girls*, 8484 Wilshire Boulevard, Suite 900, Beverly Hills, CA 90211.

# WHAT'S IN A PORN NAME?

## The Etymology of Blue-Movie-Star Monikers

BY DAN KAPELOVITZ

There is an old joke that adult-film thespians generate their pseudonyms by taking their mother's maiden name and placing it after the name of their first pet. Luckily, very few sex workers use this technique; otherwise, Fido McGillicutty would adorn XXX box covers.

Even so, porn veteran Bill Margold, who claims to have given hundreds of sex performers their screen monikers, says he often utilizes a similar method. "I always ask them whose pictures they kept in their lockers when they were in high school. When I first met Tina Tyler, she had no name. She said she liked Tina Turner and Steven Tyler; so she became Tina Tyler."

Asking a budding starlet who she idolized as a child can backfire. "Everyone wants to be Marilyn Monroe," sighs Margold. "We've done Marlene Monroe. We've done Tami Monroe. We've done too many Monroes." Margold doesn't even mention Bridgett, Carolyn, Chase, Coree, Cory (male and female), Gina, Jamie, Lisa, Lynn, Mary (two), Michelle (three), Stefanie, Taj and Tara Monroe. One gal is so brazen as to call herself Marilyn Monroe. The only thing worse than stealing the exact name of a legendary movie star is adopting an idiotic spelling variation of a second-rate actress—Dru Berrymoore, for example.

While Margold is a fan of the one-word names (especially Viper and Cannibal, which he "created"), porn superagent Jim South disagrees. "It's always better for a girl or a guy to pick two names, because if they only pick one name, someone is gonna come along and pick that name. We have three girls [who have a] one-letter difference in the spelling of their name. I almost booked the wrong girl for HUSTLER."

One of South's pet peeves is when sex performers change their names. "We have about four or five files that we have to change when they do. I had one girl change her name three times in a week. Her name was Rebecca Love. I don't remember everything that she changed it to, but after that episode, we're back to Rebecca Love again."

Often, porn starlets merely change the spelling of their stage names. One blond XXX actress went from Vixen to Vixxen. She then changed her alias to Vixxxen and finally to VixXxen. "It would be conceivable, especially given how competitive some of these girls are, where you'd have girls throwing down 20 Xs," says Michael Louis Albo, Editor of HUSTLER EROTIC VIDEO GUIDE. "Imagine the poor editor trying to determine between the girl who uses 15 Xs and the one who uses 17, and then she'd call you up and complain, 'You idiot, I have 17 Xs in my name.'"

Often, a porn handle connotes a physical attribute, such as skin color or tit size. Black actresses often call themselves Chocolate, Mocha or Ebony, forgoing the less erotically charged Ocher and Puce. Many *über*-breasted babes follow the specific formula of taking a typical bimbo name followed by an alliterative last name that connotes large, round objects: Alyssa Alps, Candy Cantaloupes, Jessica Juggs, Kimberly Kupps, Madison Moons, Maxi Mounds and Penelope Pumpkins are but a few. To our knowledge, Suzy Skyscrapers and Zina Zeppelins are still available.

Starlet Holly Hollywood feels that, as porn is fantasy, XXX performers should adopt fantastical names like hers. "Why keep [the name] close to reality?" she asks. "I don't want to be normal." One of Holly's favorite abnormal stage names is Miles Long.

Jim South stresses the importance of avoiding unpleasant imagery when choosing a porn name. "We had a really good-looking guy. He was about 21 years old, very clean-cut, [but] he named himself Dick Hurtzer. He never got work."

Albo thinks the worst names are those that have "the subtlety of a flying sledgehammer." Not surprisingly, there's a male performer named Sledge Hammer.

(continued from page 74) the beginning of April. Another cool thing is that I just got a big role in a spin-off of *The West Wing* that's called *Mr. Sterling*. I play a senator's girlfriend, and I'm shooting a second episode this week.

**HUSTLER:** Congratulations!

***JENNA:*** Yeah, it's cool because I get to play myself; so it's not a big stretch in the acting department.

**HUSTLER:** It seems like you've been having good experiences in the mainstream media. Do you think you've been lucky in your choices, or have changing attitudes toward porn made things easier for you?

***JENNA:*** A lot of it has to do with the fact that mainstream America is starting to accept porno. It's as simple as that. A lot of times, when they think of porno they think of me, because I've been around so long, but it has been wonderful. I'm thrilled that people are accepting me with open arms.

**HUSTLER:** With all of this going on right now, what are your intentions for the future?

***JENNA:*** Well, as you know, I've started my own production company, Club Jenna, and I'm producing my own movies. I've also signed quite a few girls, managing their Web sites. I think we have about 15 Web sites now, and I'm juggling a lot of things right now: producing, helping direct.

**HUSTLER:** You're directing now?

***JENNA:*** Yes, I'm codirecting a lot of the movies. It's enjoyable for me, because for so many years I really have had no say in what happens in my movies or in my career. Now that I'm running the show, it feels fantastic. I'm finally able to express myself sexually, the way I want to.

**HUSTLER:** That's great.

***JENNA:*** Let me tell you something—I never, ever thought that I was going to be doing this. I thought that I would just end my career and, *c'est la vie*, it's all done. But I think that it's time for the girls to take control and do the things that they want to do. Truthfully, it just produces better movies when the girls are actually enjoying what they're doing. I hate nothing more than when a director is telling me how to fuck, because that's what I do best. That's what I'm about—I don't need somebody to tell me how to eat pussy! This way it's much better, and I can talk to my fans and ask, "What do you want to see me do?"

**HUSTLER:** Well, everybody at the magazine is thrilled about this exclusive pictorial and working with you in the future.

***JENNA:*** I haven't been this excited about something in a very long time. I've always been a really big fan of HUSTLER and Larry Flynt because they tell it like it is, and that's how I've always been; so I think it's a perfect match. I can finally just voice exactly what I want to say. I consider myself a HUSTLER girl now, which is really nice.

Ivona knows what she wants. The Poland-born babe admits she's a cunnilingus perfectionist.

"My partners have to know how to do it really well, and most people don't. I have to show them. The restaurant gives you bad food, you send it back to the kitchen. You don't like the TV show, you change the channel. Why should sex be any different? All I want is satisfaction."

## ONE-ON-ONE WITH G. GORDON LIDDY

Right-wing radio host G. Gordon Liddy purports to fight for America's freedoms on the air and in his new book, *When I Was a Kid, This Was a Free Country*. The man who directed the Watergate break-in blasts the liberal media, tree-hugging granola munchers and gun control in his stand against the loss of our constitutionally guaranteed liberties. But does he have the balls to take on the Bush Administration's dismantling of freedom? HUSTLER puts the G-man's integrity to the test in an exclusive interview.

## TOM LEYKIS BEHIND THE SCENES

Superstar talk-show host Tom Leykis bluntly schools his listeners on how to get laid as part of his popular, pull-no-punches syndicated radio show. Reporter Mark Ebner goes in the studio and behind the scenes with this controversial champion of the male libido to see how he pisses off feminists while helping fathers and sons bond over a nice pair of tits.
